Seeing different figures on the email report than in the live report or online service?

Please be aware that the figures in this email report are static, and relate to the status of the website at the end of the most recent check on 27th of July at 05:16am.

When you log in or use the live report, the current status of the website is reflected.

If changes have occurred since the most recent check the static figures in this email will not match those in the report which is real time.

Best regards,

The Siteimprove team
