## Detailed Assessment Report 2014-2015 Management Information Services (MIS)

As of: 8/18/2016 11:21 AM EST

### Mission / Purpose

---

To provide computer and communications services to the College through intranet and internet as well as maintain, install, upgrade and service hardware and software.

### Other Outcomes/Objectives, with Any Associations and Related Measures, Targets, Reporting Findings, and Action Plans

---

#### **O/O 1: Implementation of new systems backup project**

Use information to analyze problems and make logical decisions in the assessment of the implementation of a new Colleague and SoftDocs backup system for FTCC.

#### Relevant Associations:

##### **InstitutionalGoals Associations**

- 2 Establish a culture of quality customer service.
- 3 Ensure fiscal responsibility, accountability and financial stability.

##### **StrategicObjectives Associations**

###### **FTCC**

39 Standardize technology across the campus to reduce maintenance cost and maximize replacement parts.

#### Related Measures

#### **M 1: Implementation of new systems backup project**

What: Implement the new Colleague and SoftDocs backup system for FTCC. Why: The current backup solution is outdated for both the hardware and its software applications. The new software application and hardware will reduce backup windows and consolidate our multiple tape backup formats in line with the current State security manual backup requirements. How: The new hardware and software will be installed, configured, and tested prior to replacing the current backup solution. When: The new solution will be implemented over the course of the 2014-2015 fiscal year. Who: System Administrator will manage this project.

Source of Evidence: Project, either individual or group

#### **Target:**

The new backup solution will be fully implemented and operational under the supervision of the Systems Administrator.

#### **Reporting Finding (2014-2015) - Target: Not Met**

This project is ongoing and in process. The hardware is installed and software is operational. There is fine tuning and testing that needs to be completed before this project can be seen as completed and fully operational.

#### **Related Action Plans (by Established cycle, then alpha):**

##### **Continued Implementation Phase**

*Established in Cycle:* 2014-2015

Will continue to work to bring this system on-line and get all systems backing up to this new system. Phasing in the campus sy...

For full information, see the *Details of Action Plans* section of this report.

#### **O/O 2: Asset Tracking System Implementation**

The implementation of the MIS Track-It system will be incorporated into the daily inventory, work orders, and knowledge base needs.

#### Relevant Associations:

##### **InstitutionalGoals Associations**

- 2 Establish a culture of quality customer service.
- 3 Ensure fiscal responsibility, accountability and financial stability.

##### **StrategicObjectives Associations**

###### **FTCC**

39 Standardize technology across the campus to reduce maintenance cost and maximize replacement parts.

#### Related Measures

#### **M 2: Asset Tracking System Implementation**

The implementation of the MIS Track-It system will be incorporated into the daily inventory, work orders, and knowledge base needs. What: Further implementation of Track-it work order system will create a Knowledge Base

(known as Solutions in Track-It) to establish a Training Program for new employees and a Knowledge Center for current employees to check solutions for known/recurring issues. Why: This system will be used to train employees (both existing and new) on new Track-It policies as determined. How & When: Implementation will be assessed by technician work order statistics. Customer response times will be benchmarked during this current assessment cycle to establish baseline statistics. Who: MIS Support Manger will evaluate technician's work orders completion rates throughout this assessment cycle to aid in establishing future expectations.

Source of Evidence: Efficiency

**Target:**

Baseline statistics will be collected to aid in future customer response expectations for the MIS Support team members.

**Reporting Finding (2014-2015) - Target: Not Met**

This project is fully implemented and training is also completed. We are in the process of collecting baseline data and will leave this assessment active for the new year. The project was more complex than initially anticipated and some change in workflows were needed to make the processes more efficient. We will re-address and better define benchmarks that are more useful to the MIS Support Services functional unit.

**Connected Documents**

[Asset Detail Report](#)

[Asset Summary](#)

[Help Desk Summary 2015](#)

**Related Action Plans (by Established cycle, then alpha):**

**Base Line Data Collection**

*Established in Cycle:* 2014-2015

Due to the unanticipated magnitude of this project a fresh look at baseline data will be needed.

For full information, see the *Details of Action Plans* section of this report.

**O/O 3: Server Configuration Manuals for Networking**

Server configuration manual will be created to for all servers that Networking team manages.

**Relevant Associations:**

**Institutional Goals Associations**

- 2 Establish a culture of quality customer service.
- 3 Ensure fiscal responsibility, accountability and financial stability.

**Strategic Objectives Associations**

**FTCC**

39 Standardize technology across the campus to reduce maintenance cost and maximize replacement parts.

**Related Measures**

**M 3: Server Configuration Manuals for Networking**

What: Compile server configuration manual for each server managed by the MIS Network team. Why: Having configuration manuals compiled will better prepare for business continuity for the networking functional unit. This will also further aid in disaster recovery How: The new hardware and software will be documented, configuration of servers will be included, and ports and services listing will also be addressed. When: This will be implemented over the course of the 2014-2015 fiscal year. Who: Network Administrator will manage this project.

NOTE: The actual configuration manuals will not be published as part of this assessment plan due to the sensitive nature of the information included in them; however, a high level overview documents detailing the topics included in the manual will be made part of the supporting documentation for this assessment plan.

Source of Evidence: Administrative measure - other

**Target:**

Server Configuration Manual for 80% of servers managed by the Networking Team will be formally documented and placed on file in Network Administrator's defined secure area.

**Reporting Finding (2014-2015) - Target: Not Met**

This project was not completed. This initiative will be carried forward into the new assessment cycle and will most likely take several assessment cycles to complete. The FTCC Network Administrator resigned and the Network Team were assigned to other projects that took priority over this project. The new assessment will set forth a more realistic target as this is a mammoth undertaking. This target was not realistic.

**Related Action Plans (by Established cycle, then alpha):**

**Continued Information Gathering**

*Established in Cycle:* 2014-2015

This project was not completed due to the fact that it was too large to be completed. The FTCC Network Team and the Director of...

For full information, see the *Details of Action Plans* section of this report.

**Details of Action Plans for This Cycle (by Established cycle, then alpha)**

---

**Implementation Schedule from System Office**

Awaiting next steps from system office. This project is driven by their timeline.

**Established in Cycle:** 2013-2014

**Implementation Status:** Finished

**Priority:** High

**Implementation Description:** Will continue to work with system office on this project

**Projected Completion Date:** 11/2014

**Responsible Person/Group:** System Administrator & Director of MIS

**Additional Resources:** None

### SQL Local Data Warehouse

- Reduce the scope of the project
- Obtain SQL server training to increase personnel skill levels in order to successfully achieve the SQL portion of the project
- Obtain additional personnel to handle departmental goals and objectives as well as projects initiated by other areas of the college

**Established in Cycle:** 2013-2014

**Implementation Status:** Finished

**Priority:** High

**Projected Completion Date:** 06/2014

**Responsible Person/Group:** Applications Development Manager

**Additional Resources:** Training and People

### Training of MIS Personnel

The training for the full use of the track-it system is scheduled to take place early in the next fiscal year. This training has been postponed due to several major unforeseen projects that required MIS support.

**Established in Cycle:** 2013-2014

**Implementation Status:** Finished

**Priority:** High

**Implementation Description:** Training of MIS Personnel

**Projected Completion Date:** 08/2014

**Responsible Person/Group:** MIS Support Manager & Instructional Labs Supervisor

**Additional Resources:** None

### Base Line Data Collection

Due to the unanticipated magnitude of this project a fresh look at baseline data will be needed.

**Established in Cycle:** 2014-2015

**Implementation Status:** Planned

**Priority:** High

**Relationships (Measure | Outcome/Objective):**

**Measure:** Asset Tracking System Implementation | **Outcome/Objective:** Asset Tracking System Implementation

**Implementation Description:** We will take this coming fiscal year to collect data with both the Instruction and Administrative data merged and get a true baseline of data for analysis.

**Projected Completion Date:** 06/2016

**Responsible Person/Group:** Support manager and Instructional Labs Supervisor (main campus)

**Additional Resources:** none

### Continued Implementation Phase

Will continue to work to bring this system on-line and get all systems backing up to this new system. Phasing in the campus systems will take time. Methodical approach being used.

**Established in Cycle:** 2014-2015

**Implementation Status:** Planned

**Priority:** High

**Relationships (Measure | Outcome/Objective):**

**Measure:** Implementation of new systems backup project | **Outcome/Objective:** Implementation of new systems backup project

**Implementation Description:** Phased approach to bringing all systems into backup schema.

**Projected Completion Date:** 12/2015

**Responsible Person/Group:** System Administrator Technicians and Sr. Network Technicians staff members

**Additional Resources:** None.

### Continued Information Gathering

This project was not completed due to the fact that it was too large to be completed. The FTCC Network Team and the Director of MIS will work together to scale back this project and make it more manageable. We will pick two major servers to use as a baseline and develop a manual to be used as the basis for the other network servers.

**Established in Cycle:** 2014-2015

**Implementation Status:** Planned

**Priority:** High

**Relationships (Measure | Outcome/Objective):**

**Measure:** Server Configuration Manuals for Networking | **Outcome/Objective:** Server Configuration Manuals for Networking

**Implementation Description:** We will pick first server to complete documentation on and use this as a base outline for other servers.

**Projected Completion Date:** 12/2015

**Responsible Person/Group:** Network Administrator and Director of MIS

**Additional Resources:** None

## Analysis Questions and Analysis Answers

---

### What were the strengths of your assessment process?

The assessment initiatives were relevant and needed for the MIS department. All three initiatives will continue to be addressed and hopefully completed during the next few assessment cycles. The MIS department, as a whole, are constantly taking a critical look at our workflows to see where we can become more efficient.

**What were the weaknesses of your assessment process?**

The weakness in this assessment plan was not realistic in regards to the achievement targets. It is always a challenge to establish assessment goals without knowing what "unforeseen" projects or issues will occur. The MIS department is a support function for the campus and must support all projects and initiatives that other departments drive. For this reason, more realistic goals should be established in the next assessment year.

**What was learned as a result of your assessment process?**

That more realistic goals will be established and set forth in the new assessment cycle. A single smaller benchmark may be addressed instead of looking at large projects that do not take into account external competing factors on the MIS department.

**How will what was learned impact the direction and emphasis of your academic or support unit?**

The MIS department will dissect major projects or initiatives and look at assessment from an inside out approach. This year we tried to make our assessments project focused instead of making them object or process focused. Taking a focus that is too broad resulted in our assessment plan not being totally achieved.

**Annual Report Section Responses**

---

**Program Review (Academic Units)**

Support entities are not required to have program reviews.

**Advisory Comm. Minutes (Academic Units)**

Support entities are not required to have advisory committee meeting minutes.

**End Of Year Reports (VPs, AVPs, Deans)**

End of Year Report (2014-15) and Strategic Plan (2015-2020)

# Fayetteville Technical Community College

## Detailed Assessment Report 2014-2015 Dean's Office for Science *As of: 8/18/2016 11:11 AM EST*

### Mission / Purpose

The Associate of Science and General Education Programs are committed to providing graduates of FTCC with a common core of competencies that promote success in the work place, facilitate the learning of technical skills, ease the transition to further higher education, and enhance quality of life.

### Other Outcomes/Objectives, with Any Associations and Related Measures, Targets, Reporting Findings, and Action Plans

#### **O/O 1: New Math Courses**

Ensure math faculty are teaching content appropriate for the new math courses added to the combined course library.

#### Relevant Associations:

##### **Institutional Goals Associations**

3 Ensure fiscal responsibility, accountability and financial stability.

##### **Strategic Objectives Associations**

FTCC

17 More clearly define and articulate expectations for the role of instructional leaders.

#### Related Measures

##### **M 1: New Math Courses**

What: To determine if faculty are using appropriate content in new math classes.

Why: To ensure all math faculty are using appropriate content for the new math courses as outlined in the Combined Course Library.

How: Have a common exam for each new course and gather statistics from the exams. Monitor the use of projects and activities in courses for which these types of assignments are required.

When: During the 2014-2015 assessment cycle.

Who: Dean of Math & Science

Source of Evidence: Focus groups on teaching, learning, program value

##### **Target:**

Ninety percent of the math faculty will demonstrate that they are fulfilling course content and assessment requirements as per the Combined Course Library descriptions of new courses.

##### **Reporting Finding (2014-2015) - Target: Met**

Ninety percent of the math faculty demonstrated that they are fulfilling course content and assessment requirements as per the Combined Course Library descriptions of new courses.

Resources gathered from CIP conference were shared with instructors and posted in MAT Bb site.

Course instructors met to discuss challenges/share resources.

Common final exams were developed for each course and were implemented Spring 2015 (except 143 - to be implemented Fall 2015).

Activities/projects assigned by instructors in each course were collected (some examples included).

#### **O/O 2: Transfer Performance**

The transfer performance objective is to ensure that FTCC graduates from the Associate of Science program maintain a GPA of 2.0 at transfer institutions. The NC Performance Measures for Student Success monitors and evaluates community college associate degree completers and those who have completed 30 or more credit hours who transfer to a four-year university or college, the percentage who earn a GPA of 2.00 or better after two consecutive semesters within the academic year at the transfer institution.

#### Relevant Associations:

### **InstitutionalGoals Associations**

- 1 Respond to student and community needs through measurable goals.
- 3 Ensure fiscal responsibility, accountability and financial stability.
- 4 Focus on workforce preparedness to support economic development.

### **StrategicObjectives Associations**

#### **FTCC**

- 10 Improve assessment plans with documented evidence of outcomes.
- 49 100% of new instructors will successfully complete the Excellence in Teaching course prior to teaching their first class.
- 56 100% of new instructors will successfully complete the Excellence in Teaching Course prior to teaching their first class.
- 60 Analyze Academic Advisory Committee data, retention and graduation trends by program, GAP studies, Labor Market information by program area, and annual employer surveys.
- 61 Continue enhancements to support services and academic programs to meet the changing needs of the military and veteran students.

### **Related Measures**

#### **M 2: Transfer Performance**

What: To measure the performance of FTCC graduates from the Associate of Science at four-year institutions.

Why: To ensure that graduates are academically successful at four-year institutions as a result of what they learned at FTCC.

How: External reports received from the North Carolina Performance Measures for Student Success report, and the UNC General Administration Transfer Summary Report.

When: During the 2014-2015 assessment cycle.

Who: Dean of Math & Science

Source of Evidence: External report

#### **Target:**

Seventy five percent of Associate of Science students who transfer to a four year school will maintain a GPA of 2.0 or higher during the first 12 hours at their new institution.

#### **Reporting Finding (2014-2015) - Target: Met**

Eighty-eight percent of College Transfer students who transferred to a UNC school maintained a GPA of 2.0 or higher during the first year at their new institution.

#### **O/O 3: Technology**

The Dean will promote appropriate training, professional development opportunities, and leadership initiatives that lead to an increase in the effective use of educationally compatible technologies in completion of administrative tasks and in both face-to-face and online classes.

### **Relevant Associations:**

#### **InstitutionalGoals Associations**

- 1 Respond to student and community needs through measurable goals.
- 2 Establish a culture of quality customer service.
- 3 Ensure fiscal responsibility, accountability and financial stability.

#### **StrategicObjectives Associations**

#### **FTCC**

- 11 Create and administer a professional development program to support academic quality for student success.
- 39 Standardize technology across the campus to reduce maintenance cost and maximize replacement parts.
- 40 Cascade technology when replacements are made to reduce cost.

### **Related Measures**

#### **M 3: Technology**

What: Improve Technology Integration within the Division of Math & Science.

Why: Provide educational and support programs in order to recruit, serve, and retain students.

How: Promote appropriate training, professional development opportunities, and leadership initiatives that lead to an increase in the effective use of educationally compatible technologies in completion of administrative tasks and in both face-to-face and online classes.

When: During the 2014-2015 assessment cycle.

Who: Dean of Science

Source of Evidence: Existing data

#### **Target:**

At least 75% of the faculty in Math and Science will participate in professional development related to Technology Integration Initiatives.

#### **Reporting Finding (2014-2015) - Target: Met**

At least 75% of the faculty in Math and Science participated in professional development related to Technology

Integration Initiatives.

Shared new Datatel features with instructors, SPRT for checking prerequisites and XFWAWD for online drop of students.

## Analysis Questions and Analysis Answers

---

**What were the strengths of your assessment process?**

Achievement of one of the assessment outcomes/objectives required close engagement with math faculty in the development of new curricula.

To facilitate technology integration initiatives I had to become the subject matter expert in some cases, thus expanding my own knowledge of new technologies. For example, I became an expert on the TI-Nspire CX calculator in order to lead a faculty workshop on its use.

**What were the weaknesses of your assessment process?**

Data provided by the UNC System on performance of transfer students during their first year at the four-year college was not broken down by type of College Transfer degree from NCCCS schools. Data for Associate of Science, Associate of Arts, and Associate of Fine Arts students was grouped together, preventing analysis of Associate of Science students as a standalone category.

**What was learned as a result of your assessment process?**

Math faculty have risen to the challenge of adopting the new MAT courses and are actively working to develop resources for these courses and to refine course content and assessment measures to most closely mirror the state Common Course Library descriptions. Although faculty are becoming more comfortable with the new courses, there is room for improvement in designing activities/projects/assessments that promote and measure the student learning outcomes for each course.

**How will what was learned impact the direction and emphasis of your academic or support unit?**

I will continue to monitor new math courses, collect and review data regarding student progress in the new courses, and encourage faculty to work together to develop meaningful activities and projects to support student learning outcomes.

## FAYETTEVILLE TECHNICAL COMMUNITY COLLEGE

---

P.O. BOX 35236 • FAYETTEVILLE, NORTH CAROLINA 28303-0236

---

September 21, 2015

Dear Friends of Fayetteville Technical Community College:

Fayetteville Technical Community College (FTCC) weaves a multifaceted pattern of positive influence that is far reaching and widely encompassing throughout the greater communities we serve. FTCC's uniqueness is reflected in a number of ways ranging from the educational perspective that opens its doors to all who seek hope, opportunity, and a brighter tomorrow via intellectual growth and job success by offering meaningful educational opportunities which changes lives for the better. Manifestation of this goal is reflected in the most recent college commencement in which we graduated our largest class of 1,985 students who launched their lives to more positive outcomes and possibilities.

FTCC is one of the largest employers in Cumberland County, which provides an outstanding place to work in an atmosphere that bolsters beauty, diversity, encouragement, and respect. In addition, FTCC's graduates and staff engage in our communities, across the nation, and internationally by contributing their skills, talents, volunteer time, and leadership skills through many avenues which fuels economic prosperity and service. The spiraling effect of all these combined characteristics is impressive and certainly something to celebrate. However, in our quest to resist the status quo and to continue to pursue greater excellence, we re-examine ourselves and how we serve others, setting our sights for more impressive achievement and higher benchmarks for successful service.

The 2015-2020 Strategic Plan centers on institutional goals which universally revolve around four primary areas: establishment of measurable goals in response to meeting student and community needs; establishment of a culture reflecting quality customer service; sustainability of excellent fiscal responsibility, accountability, and stability; and continued support of economic development through a greater focus on workforce preparedness. We approach these institutional goals with passion, enthusiasm, and expectation of a greater awareness of ourselves as a structured unit—openly recognizing our strengths and shortcomings—and responding by developing, implementing, and monitoring our executions to measure results.

The outcome of our efforts will, in turn, result in greater service to our students and others whom we serve through our College mission. Embracing teamwork with positive interactions which build on the strengths of each individual's talents will position us to achieve success and will enhance the educational experience to make it more meaningful and productive.

I welcome you to the next phase of our journey and thank you for your continued enthusiasm, support and engagement!

Sincerely,

A handwritten signature in cursive script, reading "J. Larry Keen".

J. Larry Keen, Ed.D.  
President

**FTCC Institutional Goals  
2015-2020**

- 1. Respond to student and community needs through measurable goals**
- 2. Establish a culture of quality customer service**
- 3. Ensure fiscal responsibility, accountability and financial stability**
- 4. Focus on workforce preparedness to support economic development**

**Institutional Goals were originally adopted by the FTCC Board of Trustees, on September 16, 2013 and reaffirmed the goals on September 21, 2015.**

**Institutional Goal: 1 Respond to student and community needs through measurable goals**

1. FTCC will increase graduation rates to 25% by 2018.
2. Increase headcount enrollment by 3% annually.
3. Increase gainful employment (employment in field of study) of students.
4. Meet or exceed the NCCCS Performance Measures goals.
5. Achieve 90% satisfaction rate on all surveys and course evaluations.

**Strategies:**

- Promote student successes and College Best Practices with a targeted goal of 50+ information releases and/or presentations annually (2)
- Use the Educational TV channel to provide timely information/programming to the community (2)
- Partner with community organizations to connect students to potential employers (3)
- Engage stakeholders to develop and expand College funding opportunities melding community and student needs. (1, 2, 3)
- Align the FTCC Foundation, Inc. goals and outcomes to support the College. (2, 3)
- Reduce the number of students testing into developmental classes. (1, 2)
- Administer student course evaluations to assess the satisfaction rates for course and programs of study. (1, 5,)
- Administer an annual non-returning student survey to assess the reasons for not continuing studies at FTCC. (1, 5,)
- Administer an annual graduate survey to assess satisfaction rates for courses and programs of study. (1, 5,)
- Improve assessment plans with documented evidence of outcomes. (1)
- Create and administer a professional development program to support academic quality for student success. (1-5)

- Promote the use of research such as Economic Modeling Specialists International (EMSI) studies to identify and benchmark successes at FTCC as well as other colleges that could be replicated. (1-5)
- Maintain memberships in relevant professional organizations and groups. (1-5)
- Promote faculty-staff engagement in public relations, community service, and College activities. (1, 2, 3, 5)
- Encourage faculty and staff to complete higher levels of relevant education and/or degree completion. (1, 2)
- Encourage Return to Industry Training. (1, 2)
- 100% of new instructors will successfully complete the Excellence in Teaching course prior to teaching their first class. (1, 5)
- More clearly define and articulate expectations for the role of instructional leaders. (1, 5)
- Create an effective Instructional Leaders course. (1, 5)
- Standardize blackboard shells to ensure more active learning for students. (1, 5)
- Increase Work-Based Learning and intern work opportunities for students (1, 2, 3)
- Provide a safe and secure learning environment. (5)

## **Institutional Goal: 2 Establish a culture of quality customer service**

1. Success of our students is our number one priority
2. Competition for services requires that we maintain the highest standards and responsiveness to the needs of our customers and stakeholders.
3. Create a welcoming and service oriented culture delivering support with minimal referrals.
4. Achieve 90% satisfaction rate on customer service survey.
5. Consistency of service and information will be maintained across the College.

### **Strategies:**

- Explore the development of an Excellence in Service (EIS) course. (1-5)
- Ensure that faculty and staff understand their individual responsibility to provide high quality customer service. (1-5)
- Provide well maintained and safe campuses demonstrating our pride in FTCC. (4)
- Resolve customer needs with minimal referral to others. (3)
- Answer the phone within 3 rings. (1-5)
- Educate all employees on functions and activities of College departments to minimize referrals. (2)
- Incorporate advanced technology that can help to eliminate or reduce on-campus visits and lines. (1, 4, 5)
- Triage lines to move customers to appropriate College locations quickly. (3, 4)
- Ensure signage is visible, adequate and accurate directing visitors to correct locations. (3, 4)
- Require all hiring managers to include one or more interview questions focused on customer service. (1-5)
- Create and implement incentive program to recognize employees that excel in providing customer service. (1-5)
- Conduct annual surveys of faculty, staff and students to provide data related to the College climate and customer service/support. (4)

- Create and deliver professional development classes to educate employees on quality customer services standards and expectations. (1-5)
- Continue to refine the two FTCC website portals. One website is focused for students, ensuring it remains user-friendly and focused to student needs while the other website is focused for internal faculty/staff use and required mandatory reporting elements under the Higher Education Act and other local, State and Federal legislation requirements. (1, 3)
- Promote equal employment opportunities in all aspects of the hiring process. Ensure one DDI targeted selection STAR criteria evaluates customer service orientation of all prospective candidates. (2, 3, 5)
- Include quality customer service and support as a measured item on annual performance appraisals. (5)
- Provide adequate training to employees to ensure the Continuity of Operations (Safety) and Emergency Preparedness Plan can be implemented quickly and accurately in times of emergency. (2)

**Institutional Goal: 3 Ensure fiscal responsibility, accountability and financial stability**

1. Plan and prepare annual budgets that enable the College to be responsive to community needs.
2. Maximize strained resources by enhancing productivity and accountability.
3. Focus resources on the core mission of teaching by strategically budgeting funds in areas that result in the greatest return on investments.
4. Streamline operations with a focus on efficiencies.
5. Monitor current spending and forecast future funding requirements to sustain financial stability.
6. Institute a data-driven decision process based through assessment of needs.

**Strategies:**

- Submit accurate budget decision packages in a timely manner to support division operations and support an institutional goal related to the request for funding. Initial decision packages will be submitted annually in May. (1-6)
- Ensure appropriate communication among affected areas. (1, 2, 4)
- Monitor monthly budget reports and submit a budget reconciliation mid-year. (2, 4, 5, 6)
- Consistently review the salary plan and hiring scale to keep salaries for staff and faculty comparable to market. (1-6)
- Communicate with all levels of the College to stay abreast of the future needs of the community and forecast future funding needed to meet these needs. (1-6)
- Standardize technology across the campus to reduce maintenance cost and maximize replacement parts. (2, 4)
- Cascade technology when replacements are made to reduce cost. (2, 4)
- Communicate the College's needs to the FTCC Foundation. (2)
- Create an effective grant and external funding program. (3)

**Institutional Goal: 4 Focus on workforce preparedness to support economic development**

1. Strengthen economic development in the College's service area.
2. Establish an effective job placement office.
3. Expand veterans support services.
4. Analyze Academic Programs to modify program/course offerings to meet employer needs.

**Strategies:**

- Align curriculum and continuing education programs of instruction/course offerings with reported needs of employers, as reflected in the annual employer survey. (4)
- Expand student use of Career Coach and Internship.com during the admissions, registration and advising processes. (1)
- Analyze Academic Advisory Committee data, retention and graduation trends by program, GAP studies, Labor Market information by program area, and annual employer surveys. (1-5)
- Enhance outreach to business/industry to understand and define existing and future workforce training needs. (1)
- Expand the use of customized industry training funds. (1, 3, 4)
- Engage with the Economic Alliance in the recruitment, expansion and retention of businesses. (1, 4)
- Seek additional funding for the NC Military Business Center to better engage businesses winning government contracts and providing post-contract assistance. (1, 3)
- Create career pathways for students and graduates to engage with employers to include defense contractors. (2, 3)
- Promote and solicit scholarship and funding opportunities that parallel employer needs and student curriculum. (1-4)
- Continue enhancements to support services and academic programs to meet the changing needs of the military and veteran students. (3)

*Approved FTCC Board of Trustees on September 21, 2015*
