NCCCS Performance Measures

The Performance Measures for Student Success Report is the North Carolina Community College System's major accountability document. This annual performance report is based on data compiled from the previous year and serves to inform colleges and the public on the performance of our 58 community colleges. We will discuss the different components of the report, how each illustrates the academic performance of FTCC students, and how this report impacts performance funding for the College.

Presenters: Dr. Vince Castano, Director of Institutional Effectiveness
Janet Sexton, Data Management Technician, Institutional Effectiveness
