Re: FY 2012 3-Year Uncorrected Data Adjustment

Dear [REDACTED]

This letter is official notification that the U.S. Department of Education (Department) has reviewed your school's fiscal year (FY) 2012 uncorrected data adjustment. The Department has concluded that the information provided in this uncorrected data adjustment warrants a revision to your school's FY 2012 cohort default rate. Your school alleged that 15 borrowers from the FY 2012 cohort default rate contained uncorrected data. The Department reviewed the allegations submitted, and determined that the borrowers were erroneously included in your school's FY 2012 cohort default rate.

Please print-out the Case Details Summary (available on the Case Details page) for a summary of the allegations and how they affect your school's cohort default rate calculation. For information regarding how adding and subtracting loans affect the cohort default rate calculation, please refer to page 2.1-15 of the Cohort Default Rate Guide.
