Please note that information contained in your school's loan record detail report will not reflect the revisions made as a result of this adjustment, and, as a result, copies of the loan record detail report provided to your school subsequent to this letter will not reflect the revised cohort default rate data. Therefore, it is important that your school retain a copy of this final adjustment determination letter as its official record of its revised cohort default rates.

The Department's records indicate that all cohort default rate adjustments and appeals for your school are now resolved.

If your school has any questions regarding this determination, please write to Operations Performance Division. If sent by U.S. Postal Service, send your school's correspondence to:
