SCHOLARSHIPS AVAILABLE
See page 7 for details!
Greetings, and welcome to Fayetteville Technical Community College!
The selection of classes presented in this winter tabloid present a number of outstanding opportunities to
begin a new year in a positive way—through education! Learning or pursuing a hobby is a great way to
add enthusiasm to life, and participating in learning opportunities during the winter months adds a warm
spark of excitement to a season that can sometimes be a little sluggish. No matter where your interest
lies, you'll find that FTCC offers something for everyone. Thank you for choosing Fayetteville Technical
Community College!

Sincerely,
Dr. J. Larry Keen, President

There are three ways to register for Continuing Education classes:

Online
Walk-In
Mail-In

PRE-REGISTRATION IS REQUIRED FOR ALL CLASSES!
Online registration is available for select classes marked with the symbol.
See additional instructions on the back cover.

Available Now!

Give the gift of education!
Your gift can open the door to someone learning a new language, hobby, or even a career!

Call us at 678-8386 for more information or visit us at the Neill Currie building to purchase your gift today!

WOULD YOU LIKE TO TEACH FOR US?
The Continuing Education Division is seeking instructors for various areas.

For more information or to apply, please visit the FTCC website at www.faytechcc.edu and click on Employment, then Pool Positions.

Areas we particularly need instructors:

- Certified Nursing Assistant ......................................................... 678-8251
- Cooking ........................................................................................ 678-8243
- Couponing .................................................................................... 678-8243
- Effective Teaching Training ......................................................... 678-8404
- Esthetics ......................................................................................... 678-0033
- Gardening/Landscaping .............................................................. 678-8243
- EMS .............................................................................................. 678-8469
- Paramedic ..................................................................................... 678-8469
- Piano .............................................................................................. 678-8404
- Self-Enrichment .......................................................................... 678-8243
- Sign Language ................................................................................ 678-8431
- Wedding & Event Planning ......................................................... 678-8431

Additional Information

- PRE-REGISTRATION IS REQUIRED! You may register for Continuing Education classes on a first-come, first-served basis. Please register well before the beginning date of your class. We require pre-registrations to be in a week before the start date (applies to all methods of registration). If you wait, your class may either be full or canceled due to low enrollment. See the back cover for additional registration information.

- IF YOU REGISTER ONLINE!
If you register online, please update your contact information so that we can provide updates or changes (to include cancellations) to you regarding your classes. Go to forms.faytechcc.edu/cedu/ to update your information.

- A WORD ABOUT WAITING... Have you ever signed up for a class only to find it canceled? Have you later discovered a friend who wanted to take it too, but hadn’t registered? Well, here are some ways to help keep your selected class on the schedule.
  1. Register early -- do it today! Each class has a minimum required enrollment. Once that number is reached, the class is a “go.”
  2. If you find a class you like, encourage a friend to join you. Sometimes two or three people make the difference between “Go” or “Cancel.”
  3. So, the word about waiting is DON’T! Register NOW, because classes will be canceled if the minimum is not met a week prior to the start date.

- COURSE START DATES: Continuing Education classes begin in different weeks and months. Check start dates to be sure you won’t miss a course.

- OCCUPATIONAL COURSE REPEAT POLICY: Students are only allowed to take the same occupational class twice within a 5-year period. North Carolina legislation states that community colleges may permit a student to repeat a course more than once if that student demonstrates that the repetition is required by standards governing the certificate or licensing program in which the student is enrolled. The policy applies to occupational courses ONLY. A predetermined rate of approximately $6.00 per scheduled hour would be charged to those individuals who had taken an occupational extension course more than twice and were not otherwise exempt.

- REFUNDS: The refund policy for Fayetteville Technical Community College’s Continuing Education Division was established by the North Carolina Department of Community Colleges in Raleigh on October 15, 1993. The full refund policy is listed in the NC Administrative Code 23NCAC.2D.0203 (d) Brief Statement of Policy:
  1. A pre-registered extension student who officially withdraws from an extension class(es) prior to the first meeting of the class (should be 24 hours prior) will be eligible for a 100 percent refund by completing an official request form.
  2. The refund will be 75 percent if requested prior to the 10 percent date of the class(es) meeting.
  3. No refunds will be given after 10 percent of class meetings.

- PARKING: Students enrolled in Continuing Education classes will need a temporary parking decal to park on the Fayetteville campus. These temporary passes are free and are available from the Registration and Records Office in the Neill Currie Building when you pre-register. The pass should be placed on the dashboard of the vehicle. Designated parking for students includes spaces with white lines. If you register online, you will receive a pass the first day of class.

- NOTE: Small children of students are not permitted to sit in on classes, labs, or in the libraries. Children are not to be left unattended anywhere on campus.

Sat CCAS

AUTOMOTIVE/MOTORCYCLE

ASE EXAM PREP: AUTOMOTIVE AIR COND/HEATING SYSTEMS CERTIFICATION
This course will teach the student basic skills and procedures to troubleshoot and repair automotive air conditioning and heating systems in preparation for the ASE A-7 Certification exam. Additionally, students will receive the EPA certification required for all automotive air technicians (this will be given at the end of class). NOTE: FTCC is an approved ASE test center. This course provides hands-on training.
Instructor: Joe Lalla
M&W 6:00pm-9:00pm Jan 12-Feb 09 Fee: $70 24 hrs 62001 CBI 118

ATV/MOTORCYCLE REPAIR & MAINTENANCE
With the popularity of motorcycles and ATVs comes the opportunity for a career in motorcycle repair and maintenance. Maybe you already have some automotive repair experience and want to see if this is something that might interest you. Join us and learn what’s really going on inside two-and four-stroke engines, calibration and synchronization of carburetors, braking system safety and maintenance, what to do when the lights and power fails, repair of frame and suspension, and which oils are best at preventing damage. The course is also open to those who own a motorcycle or are considering buying one and want to learn how to do some of their own repair and maintenance. NOTE: Students will need to bring their own ATV four-wheeler or motorcycle after the first class. Please contact the instructor at gsxrloco11@yahoo.com with questions.
Instructor: Miguel Flores
T 6:00pm-9:00pm Jan 13-Apr 14 Fee: $125 42 hrs 90842 MOTO

ATV/MOTORCYCLE REPAIR & MAINTENANCE (INTERMEDIATE) – NEW!
This course is designed for students who have completed the beginning level course of ATV Motorcycle & Repair or who have experience in completing basic repairs. During this class, the instructor will provide higher-level repair projects through hands-on training. NOTE: Students will need to bring their own ATV or motorcycle. Please contact the instructor with any questions by e-mailing gsxrloco11@yahoo.com.
Instructor: Miguel Flores
Sat 9:00am-1:00pm Jan 24-Mar 28 Fee: $125 40 hrs 90843 MOTO

AUTO DEALER’S 12-HOUR PRE-LICENSING COURSE
This course provides prospective auto dealers with the 12 hours of authorized pre-licensing training required by the Department of Motor Vehicles to be licensed as a North Carolina independent auto dealer. Topics include dealer laws and regulations, DMV regulations, federal laws and rules, and proper recordkeeping. This is a self-supporting class; fee-exempt status does not apply. NOTE: Course workbook is included in the registration fee.
Instructor: Dennis Mauk
Th&F 8:30am-3:30pm Jan 15-Jan 16 Fee: $175 12 hrs 94373 CEC 133
Th&F 8:30am-3:30pm Mar 26-Mar 27 Fee: $175 12 hrs 94375 CEC 143

AUTO DEALER’S TRAINING
All auto dealers (under the age of 65) are required to attend this training in order to renew their license. The law requires that the person whose name is on your auto dealer’s license must attend this training, although it would be helpful for anyone working in independent auto sales to attend. Failure to attend and complete this six-hour requirement will result in a revocation of your dealer license. The intent of this training is to provide annual updates to all independent dealers on contemporary issues. At the conclusion of this class, you will receive a certificate of completion. In addition, the names of those who complete the class, the dealer’s name, dealership’s name and address, and the dealer’s license number will be sent to DMV for their database. This is a self-supporting class; fee-exempt status does not apply.
Instructor: Dennis Mauk
W 8:30am-3:30pm Jan 14 Fee: $75 6 hrs 94372 CEC 143
W 8:30am-3:30pm Mar 25 Fee: $75 6 hrs 94374 CEC 143

LOAD ESCORT VEHICLE OPERATOR CERTIFICATION
The North Carolina Department of Transportation requires that certified vehicle escort drivers accompany the movement of oversize/overweight loads on the NC highway system. To become certified, you must meet the following requirements: 1) certified by another state’s approved program, or 2) a North Carolina law enforcement officer, or 3) a person who meets one of the following requirements: a) at least 21 years of age or b) at least 18 years of age with a Class A commercial driver’s license; 4) possess a valid driver’s license without restrictions other than for use of corrective lenses and has a driving history without conviction of driving while impaired or reckless driving in the previous 12 months; 5) has successfully completed an NCDOT oversize/overweight escort vehicle operator course with certification exam score of at least 75 percent (75%) correct and has received consequent certification by the Department. Certification is valid for four years. Complete information is available at www.ncdot.org/osowpermits or by calling 1-888-221-8166. This is a self-supporting class; fee-exempt status does not apply.
Instructor: Johnny Surles
T 1:00pm-10:00pm Mar 03 Fee: $70 8 hrs 62002 CBI 128

LOAD ESCORT VEHICLE OPERATOR RECERTIFICATION
This course has been designed for those seeking renewal of their NC Load Escort Vehicle Operator’s Permit. The NCDOT requires that operators be certified every four years. Vehicle escort drivers accompany the movement of oversize/overweight loads over the North Carolina highway system. This course meets the NCDOT requirement for permit renewal certification. This is a self-supporting class; fee-exempt status does not apply.
Instructor: Johnny Surles
T 8:00am-12:00N Mar 03 Fee: $70 4 hrs 62003 CBI 128

OBD2 EMISSIONS INSPECTION
This course will certify vehicle emissions inspectors in accordance with the NC Department of Transportation laws. Textbook provided in class. Students will need to know their Inspection Station Number and have a Valid North Carolina Driver’s License when completing paperwork in class; also, students will need to go to the following link, print a copy of the LT-310 form, have the shop owner, partner, or officer sign and date and bring with you on the first day of class: https://connect.ncdot.gov/business/DMV/Pages/Inspection-Stations.aspx. This is a self-supporting class; fee-exempt status does not apply.

SOUTHERN ASSOCIATION OF COLLEGES AND SCHOOLS ON COLLEGES
Fayetteville Technical Community College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate degrees, diplomas, and certificates. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Fayetteville Technical Community College.
BASICS ELECTRICAL WIRING (RESIDENTIAL)
This course will provide an overview of electrical wiring techniques and is suitable for students with no prior knowledge of electrical theory or installation. While electrical fundamentals such as Ohm’s Law will be examined, emphasis will be placed on the design and installation of residential electrical systems. Topics will include an overview of home electrical systems, circuit design, electrical tools and test equipment, cable and wire types, calculation of circuit capacity, mapping and tracing circuits, troubleshooting, and electrical inspections. This course provides hands-on training.
Instructor: Bill Rinehart
M&W 6:00pm-9:00pm Jan 12-Feb 09 Fee: $70 24 hrs 62004 LAH 147
M&W 6:00pm-9:00pm Mar 02-Mar 25 Fee: $70 24 hrs 62005 LAH 147

BASICS RESIDENTIAL PLUMBING
This course provides students a foundation of knowledge to compete for entry-level positions within the residential plumbing industry as plumbers’ helpers and assistants. Students will be taught plumbing terminology, measuring, cutting and soldering copper pipe and fittings, cutting and joining plastic piping, and the correct use of select plumbing tools. This course will also cover location and repair of leaks, galvanized pipe, gas pipe, steel fittings, pipe support brackets and hangers, unblocking drains, toilets, and sinks, and the setting of select plumbing fixtures. This course is appropriate for those seeking employment opportunities in the plumbing career field and residential property owners. This course provides hands-on training.
Instructor: Bill Rinehart
M-F 8:30am-3:30pm Feb 02-Feb 06 Fee: $125 30 hrs 62025 LAH 147

CABINETRY WOODWORK STAINING AND PAINTING
This course will focus on the development of skills necessary to finish wooden cabinets using stains and paints. Topics to be covered will be preparation of wooden surfaces, choosing a wood finish, stains and dyes, paints, filling nail holes, and application tools. This course provides hands-on training.
Instructor: Boyd Sprague
Sat 8:30am-12:30pm Jan 10-Mar 21 Fee: $125 40 hrs 62027 Workshop

ELECTRICAL CONTRACTOR'S LICENSE RENEWAL – PREPARATION UNIT 1
Electrical contractors are required to complete eight (8) contact hours of continuing education per year to be eligible for relicensing. This course will provide contractors with updated information on the changes in the National Electric Code, the NC Electric Code, and local utility company requirements. It will also provide information on electrical installation requirements, grounded conductors identification and use, branch and feeder circuits, branch feeders and service calculations, and outside circuits. This is a self-supporting course; fee-exempt status does not apply. NOTE: Please bring a calculator and current NEC book.
Instructor: Frank Arnold
Sat 8:00am-5:00pm Jan 10 Fee: $60 8 hrs 61001 CBI 111

ELECTRICAL CONTRACTOR'S LICENSE RENEWAL – PREPARATION UNIT 2
Electrical contractors are required to complete eight (8) contact hours of continuing education per year to be eligible for relicensing. This course will provide contractors with updated information on the changes in the National Electric Code, the NC Electric Code, and local utility company requirements. This course will also provide the necessary information on wiring methods, materials, and equipment for general use. This is a self-supporting course; fee-exempt status does not apply. NOTE: Please bring a calculator and current NEC book.

Policy on the Notice of the Annual Security Report Availability
Fayetteville Technical Community College’s annual security report is available on the FTCC website. This report is required by federal law and contains policy statements and crime statistics for the College. The policy statement addresses the school’s policies, procedures and programs concerning safety and security, for example, policies for responding to emergency situations and sexual offenses. Three years' worth of statistics are included for certain types of crimes that were reported and occurred on College property, in or on off-campus buildings or property owned or controlled by the College and on public property immediately adjacent to one of the campuses. This report is available online at www.faytechcc.edu/security/index.aspx. Annual Security Report can also be accessed by clicking on the Campus Safety and Security link under “Quick Links” at the FTCC Webpage or go to the www.faytechcc.edu click on Security at the bottom of the page, then click on the Annual Campus Crime Report. You may also request a paper copy from the Public Safety & Security Department located in the General Classroom Building, Room 102.
BUSINESS

PROPERTY MANAGEMENT
Property management is a well-respected profession that can be quite profitable. Whether you are interested in residential or commercial property management, you will find many different types of jobs available. Instruction will include an overview of property management, the manager-owner relationship, leases and tenant relations, managing residential property, managing commercial property, legal issues in property management, as well as marketing your management services. **NOTE:** This does not qualify as a real estate license course.

TENANTS AND LANDLORDS
This workshop is designed to answer the questions you’ve always wanted to ask about leasing and/or renting property. It will help both tenants and landlords understand leases and their rights under NC Statute 42. You will better understand when the landlord can enter the property without the renter’s/lessor’s permission, how to handle requests for repairs, and what a “timely manner” for repairs is. Learn what can and cannot be done with a security deposit and if it comes to it, how small claims court can assist both tenants and landlords. **This is a self-supporting course; fee-exempt status does not apply.**

DESIGNING YOUR OWN WEBSITE PART I – NEW!

In this class students will learn about the various programs available for building their own website. They will learn the difference between the website builders that require little to no coding knowledge and more complex solutions. The instructor will then lead the class in using a website builder to create their own website. Students will leave with a functional framework for their website so they can begin to customize and work on advanced features during the next class. **Class size is limited and pre-registration is required. You MUST own a business to attend this workshop.**

HOW TO RAISE YOUR CREDIT SCORE TO OVER 750 POINTS

An excellent credit score is now considered to be 740 points or higher. Should you have one credit card or four? Should you pay off your balances every month or carry a balance? Should you carry a credit card even though you have not used it in years? The answers to these questions may surprise you when it comes to increasing your credit score. Now more than ever, having good credit is important in being able to obtain a loan to start or expand your business. Your credit score is also important in determining the interest rate of your loans, your insurance, premiums and deposits required for phone and utility services. As of October 1, 2005, every adult in North Carolina has been able to receive a free credit report from each of the three credit reporting bureaus. Do you understand these reports and how to read them? In this three-hour seminar we will discuss the history of credit scoring, how to read a credit report, and what factors are used in calculating your FICO or Beacon score. You will learn the legal tricks credit bureaus do not reveal on how to raise your score simply by the way you use your credit cards, treat inquiries, make your payments, and carry balances. This seminar will also include information about the importance of maintaining good credit and the positive financial consequences it produces. Using several proven methods, your credit score could increase by 50-100 points or more within 60 days. Make plans to attend now!

INTRODUCTION TO SECURITIES FOR ENTREPRENEURS SEEKING TO RAISE BUSINESS CAPITAL

Are you trying to raise business capital? Are you seeking others to invest in your business (including family and friends)? Before you raise that money or ask for investments, you need to attend this seminar. If you ask people to provide investment funds to your business, as a general rule, you are considered to be “making a securities offering” which is regulated under state and federal law. The Securities Division of the NC Secretary of State administers North Carolina’s securities law. Come and find out more about this division, securities offerings, and answers to frequently asked questions.

COMMERCIAL SEWING

INDUSTRIAL SEWING MACHINE OPERATOR (BEGINNING/INTERMEDIATE) – NEW!

Many people do not think of sewing as an occupation, but this field is increasing in job opportunities. If you are interested in seeking employment as a seamstress using an industrial sewing machine, or you need to continue practicing your skills, this is the course you need to receive the appropriate training. During this course, you will learn basic and some intermediate-level techniques for operating high-speed, industrial sewing machines that are used in the production of clothing, parachutes, tents, boat sails, as well as furniture upholstery, drapery, bedding, and other heavy duty fabrics. Basic sewing skills is a plus, it is not necessary, as you will be given an introduction to the sewing machine and the function of the parts, care and maintenance of the machines, basic operating procedures including threading, stitching on heavyweight fabrics, sewing techniques used in apparel production, and quality control. Your instructor has many years’ experience working in the sewing industry including military contract work. This course is ideal for those novice operators seeking further training. **NOTE**: Students may need to bring some supplies based on their desired project; however, these are not required if you wish to practice on fabrics. Please contact the instructor with questions by calling 910-494-5468.

INDUSTRIAL SEWING MACHINE OPERATOR (INTERMEDIATE)

Broaden your abilities as an industrial sewing machine operator by taking this intermediate level course. In this class, you will receive hands-on training from your instructor and build the confidence to work independently on the machine to complete various level projects. **NOTE**: Students may need to bring some supplies based on their desired project; however, these are not required if you wish to continue practicing on fabrics alone. Please contact the instructor with questions by calling 910-494-5468.

COMMUNICATIONS

CATV COMMUNICATIONS/CABLING

Gain the skills necessary for high-paying positions in this area and throughout the United States. This twelve-week course will provide students with the technical skills used to construct, design, troubleshoot, and maintain CATV-Systems. Upon successful completion of this course, students will be provided with job placement assistance. **Students are required to purchase accident insurance in the amount of $2 which is payable at the time of registration. OSHA-approved climbing boots are required; approximate cost is $120.** For more information, call Mike Gaster at 678-0081.

FIBER OPTICS I

This course will teach students the basics of fiber optics, fiber-optic networks, fiber-optic splicing procedures, fiber-optic analysis and testing equipment. This will include use of the Optical Time Domain Reflectometer (OTDR) and testing equipment that involves fiber-optic link troubleshooting and system design. Each student will have the opportunity to make mechanical and fusion splices as are used in the industry. Students will also make an operating patch cable with the proper techniques and fiber-optic connectors; requiring that cable pass the minimum loss as required in the field. Time is devoted to a thorough understanding of Fiber Optic terms, design, troubleshooting and testing for correct operation of the finished system. Upon successful completion of this course, each student will have the option to take the Fiber Optic Association CFOT (Certified Fiber Optic Technician) certification exam – a nationally recognized measure of an entry level Fiber Optic Technician. **Textbook Requirement: Fiber Optics Technician's Manual, 4th Edition. This course provides hands-on training.**

DON'T DELAY! REGISTER TODAY!
MICROSOFT EXCEL LEVEL I
This course introduces students to the essentials of Microsoft Excel. Students will be able to create simple spreadsheets including editing, formatting, and printing. It is intended for people with little or no background in spreadsheets. Simple formulas and introductory data handling are covered. NOT FOR PEOPLE NEW TO WINDOWS. RECOMMENDED: Bring a USB flash drive. PREREQUISITE: At least three months’ experience using Windows or a full course in Windows.
Instructor: Boni Mays
Th 6:00pm-9:00pm Jan 15-Mar 05 Fee: $70 24 hrs 30138 CBI 108-B

MICROSOFT EXCEL LEVEL II
This course picks up where Microsoft Excel Level I ended with more in-depth use of formulas, data handling, and the use of multiple sheets. More in-depth coverage of charts, data formatting, and reporting is covered. MUST HAVE A GENERAL KNOWLEDGE OF INTRODUCTORY EXCEL. It is highly recommended to take Excel Level I before taking this course. RECOMMENDED: Bring a USB flash drive.
Instructor: Boni Mays
W 6:00pm-9:00pm Jan 14-Mar 04 Fee: $70 24 hrs 30139 CBI 108-B

MICROSOFT WINDOWS 7 LEVEL I
This course is for the absolute beginner at Microsoft Windows 7. You will learn the terminology so you know what is being talked about. You will learn the basic parts of Windows such as icons, desktop, pointers, and copy and paste. Also included is learning how to open and close programs, as well as opening, editing, and saving documents. An important part of this class is learning how to manage your documents such as how to find things you have lost and how to plan your computing. RECOMMENDED: Bring a USB flash drive.
Instructor: Ella Wise
M 6:00pm-9:00pm Jan 12-Mar 09 Fee: $70 24 hrs 30140 CBI 108-B

MICROSOFT WINDOWS 7 LEVEL II
This course picks up where Windows Level I ends with more in-depth use of the menus and interface. You will learn to use several programs at once and find your way around inside them. Managing your documents, using a USB flash drive for storage and backup, and working with different kinds of documents is covered. This is an excellent preparation for taking the PCs Basics course. RECOMMENDED: Bring a USB flash drive.
Instructor: Ella Wise
T 6:00pm-9:00pm Jan 13-Mar 03 Fee: $70 24 hrs 30141 CBI 108-B

MICROSOFT WORD 2013 BASICS – NEW!
This course gives a brief introduction to the essential, basic activities in Word 2013. Emphasis is on shortcuts and quick methods, to master the bare essentials of Word. It is intended to allow the student to perform the very basic skills for use in an office and move toward a higher-level course.
Instructor: Laverne Godfrey Jones
M 6:00pm-9:00pm Jan 12-Mar 09 Fee: $70 24 hrs 30142 CBI 110

MODERN OFFICE SOFTWARE (WINDOWS, WORD, AND EXCEL)
Need a job? Working in today’s business environment requires up-to-date computer skills. This course will enhance your skills in using Windows, computer word processing, and developing spreadsheets using Windows, Microsoft Word, and Excel. The employment process explores résumé writing, interviewing techniques, employee/employer expectations, and professional image. These valuable skills will give unemployed adults the “competitive edge” in their job search. The class uses Office 2013, and the classwork will also apply to earlier versions of Office. (*Students will receive the full Continuing Education Scholarship resulting in no tuition cost for the student.) RECOMMENDED: Bring a USB flash drive. Basic keyboarding skills required. Call 678-8230 for registration information.
Instructor: Roger Britt

COMPTIA COMPUTER TECHNICIAN SUPPORT PROGRAMS
The Computing Technology Industry Association (CompTIA) created the A+ Certification to address the need for an entry level vendor-neutral technician certification. This certification validates foundation-level knowledge and skills necessary for a career in PC support. Two exams are necessary to be certified: CompTIA A+ 220-801; and CompTIA A+ 220-802. These exams are updated versions of the 220-701 & 220-702 exams that retired on 31 August 2013. CompTIA A+ 220-801 covers the fundamentals of computer technology, installation and configuration of PCs, laptops and related hardware, and basic networking. CompTIA A+ 220-802 covers the skills required to install and configure PC operating systems, as well as configuring common features (e.g. network connectivity and email) for mobile operating systems Android and Apple iOS. FTCC offers courses to help students acquire the knowledge and skills necessary to prepare for the current exams. The A+ certification is the recommended starting point for most IT certification paths and is a good foundation for any IT professional's career. Many employers are now requiring this certification as a condition for employment. For more information, please visit the CompTIA Website to know more about A+ certification. (http://certification.comptia.org/getCertified/certifications/a.aspx).

COMPTIA A+ CERTIFICATION (COMPREHENSIVE)
This course is designed to cover all topics required to prepare the student for the current CompTIA A+ Exams (2012 Edition: CompTIA A+ 220-801 & 220-802). This comprehensive approach will walk the student through all of the information needed to study for the exams. The hands-on training component of the course will help the student prepare for the exams by providing experience in the installation, configuration, optimization, preventive maintenance, troubleshooting, and repair of computer hardware and operation system components. Textbook Requirement: Will be announced by the instructor during the first class.
Instructor: Rusty Pylate
T&Th 6:00pm-9:00pm Jan 13-May 19 Fee: $180 105 hrs 62014 SLC 211

COMPTIA A+ (OPERATING SYSTEM)
This course is designed to cover the topics required to prepare the student for the current CompTIA A+ Exam (2012 Edition: CompTIA A+ Exam 220-802). This course is a hands-on approach teaching students about the operating systems, from using the different Windows_Os to demonstrating how the boot process works, as well as installing, troubleshooting, and supporting the most common operating systems in use on the personal computer. In addition, the topics of security, mobile devices, and troubleshooting are covered. This course culminates in the students training for the CompTIA A+ certification and prepares them for performing as a computer service technician in the real world.
Instructor: William Van Evert
F 8:00am-12:00noon Jan 16-Apr 03 Fee: $125 48 hrs 62028 ICD
COMPTIA NETWORK+
This course is designed to cover all topics required to prepare the student for the current CompTIA Network+ Exam (N10-005). This exam covers network technologies, installation and configuration, media and topologies, management, and security. The revised test objectives (1 Dec 2011) address virtual networking and give increased attention to network security and coverage of the seven-layer Open System Interconnection (OSI) model. This course not only helps the student to prepare for the exam in the shortest time possible, but it also helps the student gain the knowledge and skills necessary to implement a defined network architecture with basic network security. **CLASS SIZE IS STRICTLY LIMITED TO 15.**

Instructor: William Van Ewert
M 8:00am-12:00N Jan 12-Apr 13 Fee: $125 48 hrs 62015 ICD
Instructor: Rusty Pylate
W 6:00pm-9:00pm Jan 14-May 06 Fee: $125 48 hrs 62016 SLC 211

COMPTIA SECURITY+
This course will provide students with the foundation-level knowledge and security skills necessary to prepare for the current CompTIA Security+ examination (SYO-401). It will help students identify risk, to participate in risk mitigation activities, and to provide infrastructure, application, information, and operational security. In addition, the students will be able to apply security controls to maintain confidentiality, integrity, and availability, identify appropriate technologies and products, troubleshoot security events and incidents, and operate with an awareness of applicable policies, laws, and regulations. **CLASS SIZE IS STRICTLY LIMITED TO 15.**

Instructor: William Van Ewert
W 8:00am-12:00N Jan 14-Apr 01 Fee: $125 48 hrs 62017 ICD

COSMETIC ARTS
BARBER TRAINING I
This state approved, three-part program consists of 1,528 hours of training for men and women interested in becoming entry-level barbers. Topics include theory and lab experience to prepare for the NC State Board of Licensure examination. Students will be responsible for the additional cost of textbooks, barber kit, and uniforms. **NOTE: Will register three times for a total fee of $340. Please call 678-0032 for more information.**

Instructor: David Richardson
M-Th & F 8:00am-12:00N Jan 05-May 01 Fee: $180 532.5 hrs 33304 CEC 150

ESTHETICS AND SKIN CARE
The 600-hour Esthetician program provides future skin care specialists with the practical skills and knowledge necessary to be successful in the salon/spa industry. Students will learn how to perform popular esthetic services such as facials, waxing, and body treatments. This program prepares the student for the North Carolina State Cosmetic Arts Licensing Exam. Students will be responsible for the additional cost of textbooks, esthetician kit, and uniforms. **Please call 678-0033 for more information.**

Instructor: Remonica McLean
M-Th & F 8:00am-12:00N Jan 05-May 26 Fee: $180 600 hrs 33308 TALLY

MANICURING AND NAIL TECHNOLOGY
Nail care is one of the hottest specialties in the beauty profession today! This state-approved nail technology course develops skills in all facets of manicuring, pedicuring, nail extensions, and artificial nails. This program prepares the student for the North Carolina State Cosmetic Arts Licensing Exam. Students will be responsible for the additional cost of textbooks, manicurist kit, and uniforms. **Please call 678-0032 for more information.**

Instructor: Kimberly Carlton, Sheila Darden, Dari Austin

**PREREQUISITES:** Insurance Fee: $14.50 required to be paid at time of registration. Textbook Requirement: *Textbook for Massage Therapy, 8th Edition.* For further information, please call 678-8251.

**CERTIFIED NURSING ASSISTANT I**
This course prepares graduates to provide personal care and perform basic nursing skills for the elderly and other adults. Emphasis is on the process of aging including mental, social, and physical needs of the elderly, patient rights, nutrition management, diseases/disorders, and human body structure and function, etc. The course includes class, laboratory, and clinical learning experiences. Students must be able to read and communicate in English effectively. The course requires the student to comply with FTCC Immunization policy. Please note that some clinical facilities require a criminal background check prior to attending clinical rotation. If a student cannot meet the criminal background check requirements, he or she will not be able to complete the program and will be dismissed from the course without a refund. **Insurance Fee:** $14.50 required to be paid at time of registration. **Textbook Requirement:** *Mosby’s Textbook for Nursing Assistants, 9th Edition.* For further information, please call 678-8251. **PRE-REGISTRATION IS REQUIRED in the Neill Currie Building, Room 9.**

**Registration Fee:** $180.

**PREREQUISITES:** Social security card, picture ID, high school credentials, and CPR card (must be the American Heart Association’s Healthcare Provider CPR and cannot expire during class dates). Visit www.ftccpass.com to see the next available schedule. Once you have all your prerequisites met, you must visit www.ftccpass.com to receive a pass to register. The pass is valid for two business days.

**CERTIFIED NURSING ASSISTANT II**
The Nursing Assistant II course prepares graduates to perform more complex skills for patients or residents regardless of the setting. The course includes class, laboratory, and clinical learning experiences. Upon satisfactory completion of the course and skill/competency evaluation, the graduate is eligible to apply for listing as a Nurse Aide II with the North Carolina Board of Nursing Nurse Aide Registry. In all employment settings, the listed Nursing Assistant II will work under the direction and supervision of licensed personnel. The course requires the student to comply with FTCC Immunization policy. Please note that some clinical facilities require a criminal background check prior to attending clinical rotation. If a student cannot meet the criminal background check requirements, he or she will not be able to complete the program and will be dismissed from the course without a refund. **Insurance Fee:** $14.50 required to be paid at time of registration. **PRE-REGISTRATION IS REQUIRED in the Neill Currie Building, Room 9.**

**Textbook Requirement:** *Custom ACP Nurse Aide II, 2nd Edition.* For further information, please call 678-8251.

**Registration Fee:** $180

**PREREQUISITES:** Social security card, picture ID, high school credentials, CPR card (must be the American Heart Association’s Healthcare Provider CPR and cannot expire during class dates), current listing on North Carolina Registry as a Nursing Assistant I (cannot expire during class dates), and successful completion of a formal CNA I program. Visit www.ftccpass.com to see the next available schedule. Once you have all your prerequisites met, you must visit www.ftccpass.com to receive a pass to register. The pass is valid for two business days.

**CPR-HEALTHCARE PROVIDER**
This five-hour class is recommended for anyone who works in a healthcare setting (RNs, EMTs, CNAs, etc.). **This is a self-supporting class; fee-exempt status does not apply.** For registration information, please call 678-8386.

**THERAPEUTIC MASSAGE**
This 550-hour program provides future massage therapists with the practical skills and knowledge necessary to be successful in the salon/spa industry, as well as the field of healthcare. Students will gain a thorough understanding of the human body, its anatomy and physiology, as well as administering a professional massage in a clinical environment. Students will be prepared to become licensed massage therapists in North Carolina. Students will be responsible for the additional cost of textbooks and uniforms. *(Registration: $180; Clinicals: $50; required student insurance: $15.)*

**PREREQUISITES:** Social security card, picture ID, high school credentials, and CPR card (must be the American Heart Association’s Healthcare Provider CPR and cannot expire during class dates). Visit www.ftccpass.com to see the next available schedule. Once you have all your prerequisites met, you must visit www.ftccpass.com to receive a pass to register. The pass is valid for two business days.

**EMT-BASIC (NATIONAL REGISTRY)**
This course provides training in the first phase of the EMT career structure. This class exceeds National Registry standards for EMT certification. Upon completion of this course, students will be eligible to take the NC State or National Registry Certification Exam. **A liability and accident insurance fee of $14.50 is due on the day of registration.** For more information, please call 678-8251.

PHLEBOTOMY

This course prepares the student to draw blood specimens from patients for the purpose of testing and analyzing blood. The job of a phlebotomist includes maintenance of equipment used in obtaining blood specimens, the use of appropriate communication skills when working with patients, the selection of venipuncture sites, the care of blood specimens, the entry of the testing process into the computer, as well as clerical duties associated with record keeping of the blood tests. The course consists of theory and clinical experience in performing blood collections. Emphasis is placed on safety and proper selection of collection sites and the care of the collected specimen. Infection control is covered, as well as an explanation of various legal and regulatory issues relating to phlebotomy. Upon successful completion of this program, the student should be prepared to take the National Phlebotomy Certification Examination. The course requires the student comply with FTCC’s Immunization policy. Please note that some clinical facilities require a criminal background check prior to attending clinical rotation. If a student cannot meet the clinical background check requirements, he or she will not be able to complete the program and will be dismissed from the course without a refund. An insurance fee of $14.50 is due at the time of registration. For more information, please call 678-8251.

PREREQUISITES: Social security card, picture ID, high school credentials, and CPR card (must be the American Heart Association’s Healthcare Provider CPR card and cannot expire during class dates), Registration Fee: $180.

Once you have all your pre-requisites met, you must visit www.ftccpass.com to receive a pass to register.

FITNESS INSTRUCTOR CERTIFICATION TRAINING

CERTIFIED PERSONAL TRAINER

Begin an exciting career in health and fitness and learn the fundamentals of the personal training profession. This course will prepare students for the National Academy of Sports Medicine (NASM) certification exam. Students will learn the basic principles of training including: Fundamentals of Human Movement Science, Assessments, Training Concepts and Program Design, Nutrition and Supplementation, Client Interaction and Professional Development. Six hours of CPR training are included in this class. Textbook Requirement: NASM Essentials of Personal Fitness Training, 4th Edition.

Instructor: Pierrie Miller

T,W,Th 9:00am-1:00pm Jan 13-Jul 22 Fee: $180 306 hrs 33307 SLC 102
MANDARIN CHINESE (BEGINNING)
This is going to be a beginning course in Mandarin Chinese, the official language in Mainland China. Chinese is also one of the two official languages in Hong Kong and one of the four in Singapore; and according to a recent survey, it is now the fastest growing foreign language chosen for study by American college students. This course is designed for beginners with an emphasis on developing minimum communicative competence in Chinese. You will be introduced to the basics of the Chinese language; the pinyin, characters and grammar, and learn how to carry out simple conversations in Chinese on a variety of topics.
Instructor: Christine Wang
Th 6:30pm-9:30pm Jan 15-Mar 05 Fee: $70 24 hrs 90864 DBHS

SPANISH (ADVANCED)
Spanish is now a prominent language used throughout the United States. In this course, students will be given fast-paced training to improve their reading, writing, and conversational skills. Take this class to improve your ability to communicate with your Spanish-speaking employees, co-workers, and customers. PREREQUISITE: Students must have completed Spanish (Beginning) and Spanish (Intermediate) courses or equivalent experience.
Instructor: Ingrid Leon
M 6:00pm-9:00pm Jan 15-Mar 05 Fee: $70 24 hrs 90865 CBI 126

SPANISH (BEGINNING)
Spanish is the 2nd most used language in the United States. Trying to communicate with others who do not speak your language may be difficult, but any improvement in your skills should pay off with increased business and a greater appreciation for another culture. In this course you will study grammar, conversation, and culture. It is designed for those who have Spanish-speaking customers and employees, those who anticipate doing business with Spanish speakers, or those traveling to Latin America or Spain. North Carolina and Cumberland County in particular have an ever-increasing population of Hispanic residents, and this course will provide you with an opportunity to learn basic conversational skills and gain a better understanding of Hispanic culture. Topics covered will include the alphabet and pronunciation, key words, phrases, and basic conversation. If your workplace would benefit from your ability to speak and understand Spanish, then it will be to your advantage to enroll in this course.
Instructor: Ingrid Leon
Sat 9:00am-1:00pm Jan 10-Feb 21 Fee: $70 24 hrs 90867 CEC 112

HEALTHCARE/MEDICAL OFFICE TRAINING

BRALLE READING & WRITING, PART II – NEW!
This course is the second part of a two-part series designed for those training to become professional Braille transcribers and/or proofreaders. In this course, students will continue their practice with learning Braille characters, review the rules for using contracted and un-contracted Braille in the preparation of Braille documents, use direct six-key computer entry to acquire proficiency in reading and proofreading simulated and hard-copy Braille, and transcribe basic-level literary Braille. Students will receive hands-on training on basic computer functions necessary for professional transcribers. The instructor will also provide assistance as you apply to complete the national certification process with the Library of Congress in Literary Braille transcribing. NOTE: Students may qualify for scholarships! With questions please call (910) 678-8431. PREREQUISITE: Students must complete the Braille Reading & Writing, Part I course, have taken an equivalent course, or have considerable experience reading and writing Braille.
Instructor: Patricia Cavalier
M, W, F 8:00am-1:00pm Jan 26-May 15 Fee: $180 235 hrs 90870 CEC 127

CODING BOOTCAMP PART I - NEW!
Whether the student is new to medical coding or transitioning from ICD-9-CM to ICD-10-CM/PCS, this course helps prepare the student to code accurately and effectively using the ICD-10-CM/PCS code set with a complete understanding of relevant medical terminology and anatomy. The course will help the student by making unfamiliar medical language more approachable, and carefully sequenced medical terminology lessons help the student to understand the vastly increased anatomy necessary for accurate coding, including the locations of hundreds of arteries, muscles, nerves, and other anatomy.
Instructor: Sheryl Casey
M, T, W 5:30pm-8:30pm Jan 12-May 11 Fee: $180 144 hrs 33310 CBI 126

ADMINISTRATIVE MEDICAL OFFICE ESSENTIALS
Looking for a career in the medical field? First, you need to learn the basics! Enhance your skills and gain the “competitive edge” as a medical office employee. Administrative Medical Office Essentials covers the essential information you need to be successful in working in a medical office. Topics include: Medical Terminology, Medical Coding, and Medical Office Management. Textbooks required. Basic Keyboarding/Computer Skills are required.

Instructor: Diana Blue

T&Th 6:00pm-8:00pm | Mar 03-Mar 12 | Fee: $50 | 8 hrs | 30130 | CBI 111

SERVSAFE FOOD SAFETY TRAINING

The restaurant and food service industry’s preeminent food safety training, the ServSafe program, is recognized and accepted by more federal, state, and local jurisdictions than any other food safety program. It prepares the industry to prevent food-borne illnesses, reduce liability risks, lower insurance costs, and improve food quality. Effective training means your entire operation will be more efficient, profitable, and have a better understanding of health department inspections. **ALL food establishments are required by law to have a certified food protection manager (CFPM) at the food establishment during all hours of operation per section 2-102.12 of the NC Food Code. In order to meet this, an ANSI accredited program must be taken.** **Textbook Requirement:** ServSafe Course Book with Online Exam.

Instructor: Clay White

M&W 5:30pm-10:00pm | Jan 12-Jan 26 | Fee: $70 | 18 hrs | 33319 | CBI 134

ONLINE COURSES
Register at www.LearnFTCC.com
Continuing Education is proud to offer online training classes where you can learn online anytime! We encourage you to visit our Continuing Education distance learning website at www.LearnFTCC.com to view course descriptions, technical requirements, and registration deadlines. If you are interested in taking an online course, you can register online using a Visa or Mastercard! A registering student must include a current physical street address, e-mail address, and telephone number on his or her registration form. PRE-REGISTRATION IS REQUIRED FOR ALL CLASSES. Once a course begins, students may access courses 24 hours a day, seven days a week. Internet access and an e-mail address are required for online courses. For additional information, please call 678-8446 or visit www.LearnFTCC.com.

A TO Z GRANTWRITING
A to Z Grant Writing is an invigorating and informative course that will equip you with the skills and tools you need to enter the exciting field of grant writing! You’ll learn how to raise needed funds by discovering how and where to look for potential funders who are a good match for your organization. You’ll also learn how to network and develop true partnerships with a variety of funders, how to organize a successful grant-writing campaign, and how to put together a complete proposal package. This course speaks mainly to nonprofit organizations, schools, religious institutions, and municipalities seeking grants from foundation, corporate, government, and individual donors. It’s also an excellent primer for individuals wishing to become grant-writing consultants or community grant-writing volunteers. No matter who you are or what level of experience you have, you’ll find the A to Z of writing and submitting successful proposals here!

SUPERVISION AND MANAGEMENT, FUNDAMENTALS
If you have recently been promoted to a supervisory or management position or want to learn how to become a more effective manager, this course will help you master the basics of business by learning the language of management. You will learn how to make a successful transition from employee to manager and you’ll learn how to manage your time so that you can deal with the constant demands of a managerial job. You will learn the skills required to delegate responsibility and motivate your employees. A large part of a manager’s job involves getting things done through other people, and this course will help you understand how to influence and direct other people’s performance. Finally, you will learn how to solve problems and resolve conflicts so you can accomplish your job more effectively. This program/course is a good choice for those looking for project management experience and those aspiring to obtain a PMI credential. It’s also an excellent choice for existing PMI credential holders looking for an approved activity for PMI’s continuing certification PDUs.

ONLINE COMPUTER TRAINING
A+ CERTIFICATION: HARDWARE (BASIC)
(First course in the series)
Time to roll up those sleeves and dive inside the personal computer! The Basic CompTIA A+ Certification Prep course teaches you about the hardware common to virtually every personal computer, including microprocessors, RAM, power supplies, motherboards, BIOS, CMOS, the expansion bus, and input/output devices. You’ll learn how things work, how to configure everything, and how to troubleshoot in real world environments. This course gives you the knowledge upon which you’ll base the rest of your CompTIA A+ certification studies for the 220-801 and 220-802 exams. Plus it helps you take that first step to becoming an excellent PC technician. So what are you waiting for?!? REQUIREMENTS: a PC that you can take apart and put back together again. This can be anything from an ancient Intel 286 to a newer 486 or beyond. Because of the dangers of electro-static discharge (to the machine, not the student), we do not require you to tear apart your own primary computer.
Instructor: Ed2Go
CREATING WEB PAGES
Create and post your very own Web site on the Internet using HTML in this extensive, hands-on, six-week workshop. First, you’ll learn about the capabilities of the World Wide Web and the fundamentals of web design. Then, with your instructor’s patient guidance, you’ll plan the content, structure and layout of your Web site, create pages full of neatly formatted text, build links between the pages and to the outside world, and add color, backgrounds, graphics, and tables. You’ll also learn critical and timely information on securing the best possible location in search engine listings, and powerful no-cost or low-cost web marketing strategies.

NETWORKING (INTRODUCTION)
Introduction to Networking explains computer networking basics in terms that you can easily understand, using concepts common to everyday, non-computing experience. A brief introduction to networking history provides context, explaining how networks have become so important to businesses and individuals. The course emphasizes networking fundamentals, explaining the software and hardware that makes networking possible. The course stresses understanding how and why networks work, rather than focusing on memorization of terms or numbers. Upon completion of the course, you will be capable of performing basic computer networking tasks, such as DSL connectivity or configuring connections to an Internet Service Provider. This course will give you the foundation you need to begin training for CCNA Certification or employment in a computer networking career.

ONLINE HEALTHCARE COURSES

BECOME A PHYSICAL THERAPY AIDE
Prepare for a rewarding career as a valued member of the physical therapy (PT) team while learning all about the human body, specific disorders, and the way physical therapists (PTs) treat these disorders. You’ll begin by exploring the history of physical therapy and the relationships between physical therapists, physical therapist assistants, and physical therapy aides. You’ll receive training on how to communicate effectively with other health care professionals and patients. You’ll come to understand medical terminology and anatomy and physiology used in the field of physical therapy, the medical documentation that physical therapists use, and the principles of ethics and law that affect the PT aide. Along with infection control, you’ll learn proper body mechanics and how to safely move patients. You’ll also cover how to help patients walk with assistive devices like walkers, crutches, and canes. Furthermore, you’ll learn when PTs use physical agents like heat, cold, ultrasound, and electricity. By the time you finish this six-week course, you’ll have gained valuable knowledge and be well on your way to becoming an important member of the physical therapy team!

BECOME AN OPTICAL ASSISTANT
If you think you’d like to become an optical assistant, this is the course for you! We’ll take a comprehensive look into the diverse world of optical assisting, and you’ll see why optometry is such an interesting field and how rewarding it can be to help people solve their vision problems. We’ll cover optical assisting in private practice, healthcare clinics, the military, teaching facilities, and in retail sales. You’ll discover the personal and professional skills needed to work in a front and back office and in an optical dispensary and lab. You’ll become familiar with all the things optical assistants must know about frames, styles, lenses, contact lenses, and working with people. You’ll also discover how our amazing eyes work and come to understand some common eye conditions. In addition, we’ll delve into specialty areas that optical assistants can work in such as refractive surgery centers, low vision clinics, and vision training practices. And finally, we’ll cover how to become certified and licensed, which will open up even more opportunities for you!

HUMAN ANATOMY AND PHYSIOLOGY
This course begins with an explanation of the nature of matter and a review of the principles of chemistry that are important to human physiology. We’ll place an emphasis on the organization of the human body and the differences between nonliving matter and living organisms. We’ll also cover cell anatomy and physiology because all life processes are ultimately carried out at the cellular level. You’ll also learn principles of genetics and gain an understanding of how traits are passed from one generation to the next. After we’ve established this foundation, we’ll survey the anatomy and physiology of each of our 11 organ systems. We’ll also discuss functions of the different organ systems that you’ll probably find surprising. In addition, each lesson includes information about specific disorders that sometimes happen to our bodies, and we’ll also talk about some recent advances in medicine. By the end of this course, you’ll have a greater appreciation and understanding of the marvelous complexity of the human body!

ONLINE MEDICAL OFFICE TRAINING

CERTIFIED PROFESSIONAL MEDICAL AUDITOR – ONLINE

The field of medical auditing is critical to today’s healthcare industry. Medical auditors ensure physicians’ practices are not only in compliance with applicable regulatory standards, but also ensure these practices are profitable. In the near future, federal Medicare and Medicaid regulations will begin to tighten after the passage and implementation of provisions from the Patient Protection and Affordable Care Act of 2010. Many healthcare practices will require the audit services of Certified Professional Medical Auditors to ensure compliance with these new regulations and maintain revenue levels and overall profitability.

This online course curriculum is designed for individuals who have completed coding courses and/or have professional coding experience. The course covers topics such as medical terminology, anatomy and physiology, medical law and ethics, electronic health records, and medical auditing. Additionally, upon successful completion of this online course and passing of the final exams, students will be prepared for the Certified Professional Medical Auditor (CPMA) certification exam through the American Academy of Professional Coders (AAPC).

NOTE: All course modules are online. Students will be provided with access to two e-books and shipped two hard-copy textbooks. All e-book access and textbooks are provided to students with their course registration and registration fee. E-book access will be granted when the course begins, and the hard-copy textbooks will be shipped to students after the drop/refund period expires. PREREQUISITE: Completion of medical coding and billing program and/or medical coding experience. PRE-REGISTRATION IS REQUIRED BY 5:00 P.M. A WEEK BEFORE CLASS START DATE.

FTCC ONLINE MEDICAL ICD-10 CODING, PART I

This course is the first course in a two-part, instructor-led program that prepares students to work as medical coders in a physician’s office or hospital setting. Medical coders utilize medical records and patient charts to find diagnostic and procedural information that can be put into numerical codes and used by insurance companies and third-party payers for payment. This specific course provides an introduction to the medical coding industry and explores topics such as medical terminology, anatomy, physiology, pathophysiology, medical records, medical ethics, ICD-9 and ICD-10 coding, and more! Topics covered in this course provide foundational knowledge used in the everyday job duties of medical coding professionals. Throughout the course, students will have a structured, online learning environment and access to an instructor who is certified through AAPC and currently works in the field of medical coding.

NOTE: The course textbook will be an e-book accessed through FTCC’s library. PRE-REGISTRATION IS REQUIRED BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE. SCHOLARSHIP! *A $50 scholarship is available to the first 20 students who register! Call 678-8446 with questions.

MEDICAL BILLING (INTERMEDIATE) – ONLINE
Learn at home at the convenience of your computer! The Online Medical Billing (Intermediate) program helps the student gain the knowledge and skills necessary to follow claims all the way through payment and prepare the student to work with industry specific forms such as CMS-1500 and UB-40. The program will give the student everything necessary to succeed, including a comprehensive curriculum, flexible online training, and dedicated student support. The program’s curriculum was developed by industry professionals with years of experience.
The Online Medical Billing (Intermediate) program will teach the student computer fundamentals, healthcare structure and organization, and documentation and confidentiality. The student will also learn medical coding basics as well as healthcare reimbursement, ICD-10 and X12 5010 fundamentals, and patient billing and collection. This course is 16 weeks in length. Students must have Internet access and an e-mail account. PREREQUISITE: It is recommended that students take a coding course or have prior coding experience before taking the Online Medical Billing (Intermediate) course. ### MEDICAL INPATIENT & OUTPATIENT CODING, PART II – ONLINE

Complete the medical coding program! The second part of this program is a 16-week course that teaches the process of assigning formal, standardized codes to diagnoses and procedures performed or identified by physicians. Medical coders utilize medical records and patient charts to find diagnostic and procedural information that can be put into numerical codes and used by insurance companies and third-party payers for payment. In this course, the student will learn elements of medical record content, diagnostic coding with ICD-9-CM, and healthcare reimbursement. Reference materials and student and technical support are included in this course offered by FTCC in partnership with Career Step. **PREREQUISITE:** Successful completion of Online Medical Inpatient & Outpatient Coding, Part I. **PRE-REGISTRATION IS REQUIRED BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

### MEDICAL TRANSCRIPTION EDITOR, PART II – ONLINE

Complete the medical transcription editor program! The second part of this program is a 16-week course designed to teach the student to transfer audio-recorded dictation into hard copy medical documents. The student will also gain the knowledge and skills of speech recognition editing which will help them produce medical documents that are used by physicians, medical personnel, and courts of law on a daily basis. The course provides basic skills in keyboarding, grammar, medical terminology, anatomy, and transcription. This course includes online reference materials, instructional, and technical support. **PRE-REGISTRATION IS REQUIRED BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

### MEDICAL TERMINOLOGY: A WORD ASSOCIATION APPROACH

This course teaches medical terminology from an anatomical approach. Root terms are divided by each body system. The origin, a combined form, and an example of non-medical everyday usage will be provided for each root term, and word associations are provided as a learning tool. Unusual and interesting information is provided in regards to each term. Root terms are combined with prefixes and suffixes as your learning will culminate in the interpretation of several paragraphs of medical notes.

### WORKING IN THE PHARMACY – ONLINE

The Working in the Pharmacy-Online training program is designed to help students gain the knowledge and skills necessary to aid in the successful daily operations of a pharmacy. Course modules will emphasize pharmacy job roles and responsibilities, keyboarding accuracy and skills, knowledge of pharmacy computer hardware and software, communication skills, customer service techniques, payment processing, familiarity with various forms of insurance plans, producing audit logs, the differences in policies and procedures of institutional and retail pharmacy settings, and pharmacy law, regulations, and standards. Students will also become familiar with pharmacology, prescriptions, pharmaceutical calculations, and non-sterile compounding. Upon completion of this course, students will be eligible to take the Pharmacy Technician Certification Exam (PTCE) through the Pharmacy Technician Certification Board (PTCB). **PRE-REGISTRATION IS REQUIRED BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

### GRAMMAR REFRESHER

Whatever your goals, a grasp of English grammar is important if you want to improve your speaking and writing skills. This course will help you gain confidence in your ability to produce clean, grammatically correct work. You’ll explore the basics of English grammar—like sentence structure and punctuation—as well as more sophisticated concepts—like logic and clarity. A patient instructor, memorable lessons, vivid examples, and interactive exercises will give you ample opportunity to put what you learn into practice. Reacquaint yourself with old, forgotten rules, meet some new ones, and discover your own grammatical strengths!

ONLINE PHOTOGRAPHY

DISCOVER DIGITAL PHOTOGRAPHY

This course introduces the technology that has catapulted the photographic world into the 21st century. You'll explore a broad overview of the basics of digital photography, including equipment, software, and practical uses. We'll discuss different types of digital cameras, from phones and tablets to digital SLRs, all of which offer a wide array of photographic options. We'll also help you decide what type of equipment fits your needs, and you'll have hands-on exercises so you can explore the areas that interest you. A discussion of digital photography wouldn't be complete without digital editing options. We'll explore a number of software packages, and you'll learn how to compose your shots when you know you have digital editing available to you. You'll also find out about your digital storage options—on the camera, the computer, and even beyond into cloud storage and online backups. Digital photography plays a big part in social media communication and image sharing, and we'll discuss the basics of posting images online and some pros and cons of uploading to the Internet. Whether you're new to photography or a long-time photographer looking to move comfortably into the new world of digital work, this class provides opportunities for putting digital photography to use. This course serves as an excellent introduction before taking Secrets of Better Photography where we focus our time on camera settings, features, and the mechanics of taking better pictures.

ONLINE TEACHER TRAINING

GUIDED READING AND WRITING: STRATEGIES FOR MAXIMUM STUDENT ACHIEVEMENT

The road to literacy is also the road to ingenuity, invention, and imagination, and you'll soon learn how to take your students from groans to grins with creative lesson plans that really work! Get the professional development training you need to improve student literacy as an accomplished teacher shares the secrets of turning guided reading strategies into opportunities for teaching writing. This course will cover the reasons reading and writing are so difficult for students, the total literacy framework and its solutions to literacy problems, and steps for turning a successful guided reading into a writing lesson. If you’re looking for the right way to get students excited about the power of literacy, this is the course for you!

Instructor: Ed2Go

INTEGRATING TECHNOLOGY IN THE CLASSROOM

In this professional development course for teachers, you’ll learn the secrets of technology integration in the classroom and gain the skills educators need to effectively use wikis, podcasts, and blogs. In this course, you'll discover simple ways to integrate technology to enhance your subject material and meet your course goals. Additionally, you’ll explore quick-and-easy, standards-based solutions for more interactive lesson plans, exciting WebQuests, and challenging assignments. This course also covers the power of Web resources, Word, Excel, and PowerPoint. Furthermore, you’ll learn how to design your presentation station, identify kid-friendly Internet search tools, teach keyboarding and word processing, and develop standards-based, integrated lesson plans in reading, writing, science, math, social studies, music, and art. Finally, you’ll delve into ways to reach special needs, GATE, and English language learners. Whether you’re new to the integration process or already use emerging technologies in your classroom, this course is a must for today’s educators who often have to produce more and more in less and less time. By the end of the course, you’ll have a reservoir of ideas for integrating all types of technology into your lesson plans across the curriculum!

Instructor: Ed2Go

SINGAPORE MATH: MODEL DRAWING FOR GRADES 1-6

As a teacher, you know that many students groan when it’s time to solve word problems. Why is that? Are the problems too difficult? Do students get lost trying to decipher the wording or figure out the computation? Do they simply not know which strategy to use? Actually, it’s a combination of all these issues. Luckily, model drawing, a Singapore Math strategy for working word problems, will help your students start to enjoy math in a way they may never have before. The secret behind model drawing is that it gives students a concrete, reliable set of seven steps that they can use to solve 80% of the word problems out there. They won’t have to memorize 20 different techniques and know when to use which anymore. Instead, they’ll learn how to read the problem, determine its variables, draw a unit bar (the visual model), adjust that bar, place the question mark to indicate what they’re solving for, do the computation, and write a complete sentence at the end. Come join this professional development course for teachers and get the training you need to start teaching model drawing!

Instructor: Ed2Go

SOLVING CLASSROOM DISCIPLINE PROBLEMS

Why do some teachers enjoy peaceful, orderly classrooms while others face daily discipline battles? The answer is that some teachers know the secrets to solving discipline problems. This course reveals those secrets and presents a step-by-step approach to effective, positive classroom discipline.

SIGN LANGUAGE TRAINING

SIGN LANGUAGE I
Sign language bridges the gap between those who can hear and those who cannot. Many of you have had the experience of seeing a deaf person signing and were amazed. You then think to yourself, it would be wonderful if you could communicate with the hearing impaired. Here is your chance. In this course, you will be introduced to the process and basic structure of American Sign Language (ASL) to provide a basic understanding of, and ability to use, the language.

Instructor: Marin Bandel
Sat 9:00am-1:00pm Jan 10-Feb 21 Fee: $70 24 hrs 90882 CEC 214
Instructor: Shala Lamothe
T&Th 6:30pm-9:30pm Jan 13-Feb 05 Fee: $70 24 hrs 90881 DBHS

SIGN LANGUAGE II
In this course, you will continue the study of the process of signing, the basic structure of American Sign Language (ASL) and be provided with an in-depth understanding of the language. You will also work on increasing your ability to use the language more fluently, building on your receptive and expressive skills. **PREREQUISITE**: Sign Language I or equivalent experience.

Instructor: Shala Lamothe

Take this course to become a substitute teacher!
WEDDING/EVENT PLANNING

WEDDING & EVENT PLANNING: PART I

With weddings becoming larger and more expensive, many couples are turning to the services of wedding planners for help. If you like working with people, are detail oriented, have good communication skills, and a lot of patience, this may be the ideal business for you. Whether you are interested in establishing a home-based business, working on a part-time basis, or beginning a new career, wedding and event planning may be exactly what you are looking for. You will learn about wedding history, etiquette, traditions, and how to coordinate and direct a wedding or event from beginning to end. From the initial meeting, you will learn how to work with wedding couples or companies planning meetings/conferences, establishing a budget, and selecting sites and vendors (caterers, florists, photographers). You will learn the importance of an “emergency kit,” the bridal folder, hands-on practice for the actual wedding/event, and evaluating the final product. This course should be of interest to those who are considering a career in the wedding/event business or those who are already working in the services dealing with weddings/events, such as florists, caterers, event planning hobbyists, or other event/wedding services.

Instructor: TBA
T 6:00pm-9:00pm Jan 13-Mar 03 Fee: $70 24 hrs 90886 CEC 131

WEDDING & EVENT PLANNING: PART II

Continue your training to become a wedding/event planner as you learn how to prepare business forms, choose a name for your business, determine office needs, and prepare a wedding/event planner’s notebook. You will learn about the various types of wedding ceremonies including directing weddings for different faiths. Your instructor will help you develop a philosophy of success that will prepare you to start an organized wedding/event planning business. There will be time in class for hands-on practice for the wedding. PREREQUISITE: Wedding & Event Planning Part I or equivalent experience.

Instructor: TBA
Th 6:00pm-9:00pm Jan 15-Mar 05 Fee: $70 24 hrs 90887 CEC 131

WEDDING & EVENT PLANNING: PART III

Whether you want to work part-time or full-time, out of your own home or a separate office, becoming a wedding/event planner is a profession you can enter with very little start-up expense and the potential to earn an excellent income. This course will teach you how to write a business plan, write a mission statement, establish a business policy, register the name of your business, obtain a business license, set fees and prepare contracts, and market your business. There will be additional time in class for hands-on practice setting up your business and conducting weddings/events. You will be introduced to people in the business (caterers, florists, photographers) who can support your new adventure as well as former students who will share their success stories. PREREQUISITE: Wedding & Event Planning, Parts I & II or equivalent experience.

Instructor: TBA
Sat 9:00am-1:00pm Feb 07-Mar 14 Fee: $70 24 hrs 90888 CEC 131

A WORD ABOUT WAITING...

Have you ever signed up for a class only to find it canceled? Have you later discovered a friend who wanted to take it, too, but hadn’t registered?

Well, here are two ways to help keep your selected class on the schedule.

REGISTER EARLY! DO IT TODAY!

Each class has a minimum required enrollment. Once that number is reached, the class is a “go.”

If you find a class you like, encourage a friend to join you. Sometimes two or three people make the difference between “Go” or “Cancel.”

So, the word about waiting is DON’T!

REGISTER NOW!

Please visit FTCC’s Continuing Education Home Page at: www.faytechcc.edu/continuing_education

DON'T DELAY! REGISTER TODAY!
So you finished high school a few years ago and now you’ve decided to go back to school. The problem is you’re not sure that you can handle the college-level algebra that will be required. This course is designed for people just like you—high school graduates who need to review basic algebra in order to increase their chances of success in a college-level classroom. This course is a review of the basic concepts of algebra using formulas, exponents, signs, squares and square roots, equations, and inequalities.

Instructor: Emily Robinson

M 6:00pm-9:00pm Jan 26-Mar 16 Fee: $50 24 hrs 94370 CEC 112

If you’re ready to go for that advanced degree but have never taken the Graduate Record Exam (GRE), PLEASE prepare for it. No one should go into the exam cold, not knowing what it’s all about. Moreover, the GRE exam has changed, and the new format should be reviewed before you take the exam! Your admission into advanced degree programs may well depend on your score on this exam. This course is designed to help you prepare for all parts of the re-formatted general exam to include a review of the verbal, quantitative, and written sections of the exam. You will also learn useful test-taking tips and hints. **Textbook Requirement:** *ETS: The Official Guide to the GRE Revised General Test, 2nd edition.*

Instructor: Mary Tuley & Mary Plott

Sat 9:00am-1:00pm Feb 07-Mar 14 Fee: $150 24 hrs 94388 CEC 143

When you were in high school, did you avoid the “tough” math courses like algebra? Now you’d like to go to college. This course is designed for those who need a review in basic math and pre-algebra in order to prepare for more advanced math such as algebra and college mathematics. You will review basic arithmetic operations with integers such as addition, subtraction, multiplication, and division; fractions and decimals; percents; measurements; and word problems.

Instructor: Emily Robinson

W 6:00pm-9:00pm Jan 14-Mar 04 Fee: $50 24 hrs 94371 CEC 108

Fayetteville Technical Community College has a genuine commitment to serving the educational needs of the entire community. The courses included in this section have been designed to encourage lifelong learning by providing you with a means to express your creative, cultural, civic, and leisure interests.

These courses are self-supporting; no fee exemptions apply.
ANIMAL RELATED

PET GROOMING & EASY MAINTENANCE

Have you noticed what an expense it is to take your pet(s) to the groomer? It seems the prices are getting higher and higher. If you are one of the many people who would like to learn the basics of pet grooming at home, this is the class for you! Our instructor is a trained professional in pet grooming and will teach you how to properly clean your pet, trim their nails, and trim their hair. It’s a simple routine to maintain your pet’s grooming once you learn the basics! Supplies: You will need to bring a copy of your dog’s vaccination records to the first class. FTCC provides shampoo and conditioner for your pet; however, you will need to bring a brush, nail clippers, and towels to the first class. Only one dog per student.

Instructor: Pam Meeks

M 6:00pm-8:30pm Feb 09-Mar 02 Fee: $50 10 hrs 91732 CBF

ART

DRAWING (INTERMEDIATE)

This course is designed for students who have completed Drawing on the Right Side of the Brain or who have basic drawing experience. It will provide additional practice in techniques that are initiated in the first course. Through a variety of exercises, you will increase your knowledge of perspective, proportion, observation, representation, and depiction of light, shadow, and texture. Shading, blending, and a combination of drawing media will be demonstrated as you work from nature, still life, and your own photographs.

Instructor: Nancy Mabes

W 1:00pm-4:00pm Jan 07-Feb 25 Fee: $55 24 hrs 90903 CEC 139
W 9:00am-12:00N Mar 11-Apr 29 Fee: $55 24 hrs 90904 CEC 139

DRAWING (INTERMEDIATE/ADVANCED)

This intermediate/advanced level drawing class is designed for those who have completed both the Drawing on the Right Side of the Brain and Drawing (Intermediate) courses and want more time to practice and learn new techniques. Through a variety of exercises, you will expand your knowledge of perspective, proportion, observation and representation of 3D forms, and the depiction of light, shadow, and texture. Shading, blending, and a combination of drawing media will be introduced as you work from nature, still life, and your own photographs. Instruction and practice of portrait and figure drawing will also be covered in this class.

Instructor: Nancy Mabes

W 1:00pm-4:00pm Mar 11-Apr 29 Fee: $55 24 hrs 90905 CEC 139

DRAWING ON THE RIGHT SIDE OF THE BRAIN

This drawing course is for anyone who has always wanted to learn how to draw but didn’t think they could. In just a few short weeks you will be able to use the “right side” of your brain (your creative side) and see as an artist sees. As a result, you will be able to draw any subject matter, including portraits, and learn perspective and shading.

Instructor: Nancy Mabes

W 9:00am-12:00N Jan 07-Feb 25 Fee: $55 24 hrs 90906 CEC 139

JEWELRY MAKING AND SILVERSMITHING

Come explore the creative and technical world of silversmithing. Using silver, gold, copper, or brass we will learn to make unique, hand-fabricated jewelry. This course is designed to cover the fundamentals of silversmithing to include soldering, sawing, forming, filing, and texture creation, among others. From the beginner to the advanced student, this class will meet the needs of students from a variety of jewelry making backgrounds. NOTE: Students will need to purchase supplies and prices will vary based on your choice of projects. This will be covered during the first class.

Instructor: TBA

W 9:00am-12:00N Jan 21-Feb 25 Fee: $85 24 hrs 90890 CEC 139
W 3:00pm-6:00pm Jan 21-Mar 11 Fee: $85 24 hrs 90891 CEC 145

JEWELRY WORKSHOP: ETCHING & BEYOND – NEW!

During this class students will learn to etch copper and brass using a muriatic acid etchant process. It is a serendipitous and exciting way to texture metal for jewelry fabrication. Once we have etched designs during the first half of day one, we will use the etched metal to create a layered tab cuff bracelet, a wrap-around ring, and other student designed projects. There will be a lunch break each day. Supplies: Students will need to request a supply list from the instructor by e-mailing dcguess@gmail.com.

Instructor: Deb Guess

S&Su 9:00am-5:00pm Feb 21-Feb 22 Fee: $85 15 hrs 90892 CEC 145

JEWELRY WORKSHOP: LITTLE BOOK OF DREAMS – NEW!

This “mixed media meets metal” class is designed to challenge beginning and intermediate metalsmith students to integrate a variety of materials into a finished jewelry design. We will create an actual miniature book pendant with metal covers and collaged metal pages with a hinged binding and a hand forged chain and clasp. Papers, fibers, and other mixed media materials may be incorporated. There will be a lunch break each day. Supplies: Students will need to request a supply list from the instructor by e-mailing dcguess@gmail.com.

Instructor: Deb Guess

S&Su 9:00am-5:00pm Mar 21-Mar 22 Fee: $85 15 hrs 90893 CEC 145

PREPARATION FOR THE SAT

Get ready for the SAT—one of the most important exams you will ever take. This comprehensive preparation program is designed to help you meet the challenges of the exam format. You will receive a thorough overview of the SAT and become familiar with every question type that appears on the exam. The course will cover both math and verbal skills. Practice will include math skills and review of test questions including algebra, geometry, percentages, pictorials, and quantitative comparisons. Verbal skills will also be covered with special emphasis placed on the critical reading section which includes single and paired passages, sentence completion, analogies, and vocabulary enhancement. The text includes in-class and home-study materials. Textbook Requirement: Gruber’s Complete SAT Guide 2014, 17th edition. You will need to bring a calculator to class.

Instructor: Mary Tuley & Mary Plot

Sat 9:00am-1:00pm Feb 07-Mar 14 Fee: $100 24 hrs 94391 CEC 108
Certified instructor. This is a method that is especially suited for people who have never painted before. Supplies: Please e-mail the instructor at kim@joy2paint.com for the supply list, or we will provide one to you on the first day.

Instructor: Sharon Moore

### JOY OF PAINTING (BEGINNING)
Who painted that? Now you can say “I DID.” You can learn the exciting painting method used on PBS’s Joy of Painting with Bob Ross. This course is taught by a Bob Ross trained and certified instructor. This is a method that is especially suited for people who have never painted before. Supplies: Please e-mail the instructor at kim@joy2paint.com for the supply list, or we will provide one to you on the first day.

Instructor: Kim Cowger

### OIL PAINTING (BEGINNING)
For centuries, oil painting has been the preferred medium for creative expression. This course is designed as an introduction to oil painting for the beginning painter. In this course you will learn the basics of composition, color, and how to paint what you see. Through specific exercises, you will become familiar with setting up the palette, selecting appropriate surfaces to paint on (canvas, panels, etc.), choosing a subject, painting from life as well as photographs, making expressive brush strokes, and caring for studio materials and equipment. In addition to the basics, techniques such as glazing and scumbling will be explored. You will move at your own pace with much individual attention from the instructor. If you need a refresher course in oil painting or if you have never painted but always wanted to, this is the course for you. Supplies: If you would like to know what supplies to purchase before class, please request a list at registration, or you may obtain one the first day.

Instructor: Nancy Mabes

### OIL PAINTING (INTERMEDIATE)
This course is designed for students who have completed a beginning level oil painting course or have equivalent experience. For those who have not painted in a while, your instructor will review some of the basics and move into choosing subjects, setting up a still life, painting from life and photographs, and caring for materials, equipment, and finished paintings. You will progress at your own pace with much individual attention for each project. Supplies: If you would like to know what supplies to purchase before class, please request a list at registration, or you may obtain one the first day.

Instructor: Nancy Mabes

### PAINTING ANIMALS AND LANDSCAPES IN MIXED MEDIA – NEW!
Add life and intrigue to your paintings by including animals! Through the use of a variety of acrylics and oils, Kim will guide you through a specific painting technique with step-by-step instructions on how to paint fur and feathers with confidence! These lessons will enable you to paint animals within your landscapes. No drawing experience needed. Supplies: Students will need to request a supply list from the instructor by e-mailing kim@joy2paint.com.

Instructor: Kim Cowger

### PAINTING WORKSHOP – NEW!
Ever heard your teacher announce that “time is up” before you’ve completed your work of art? Don’t fret because Kim is opening the art room doors to guide you as you complete those unfinished projects. Join the group as we add the finishing touches to our art. Students will need to bring their art pieces the first day of class.

Instructor: Kim Cowger

### POTTERY (BEGINNING)
If you have always been fascinated watching potters and thought it looked like fun, come and learn just how much fun it really is. Pottery is not difficult to learn, but it takes patience and the willingness to get a little dirty. As a beginning student, you will learn basic throwing techniques with emphasis on making functional forms such as mugs, bowls, and vases. You will learn how to trim, decorate (if desired), and glaze your pieces. If you are interested, you can also work on hand-built pieces. Supplies: Students will need to provide their own clay (available from FTCC bookstore). Glazes are provided.

Instructor: Sharon Moore
INSTRUCTOR: Chef Felicia Bonner
This course is designed to teach you the secret behind preparing truly authentic Mexican cuisine. You will learn more about the properties of the clay you are using and how it affects your glaze, how glazes melt, cone temperature, and how to produce certain colors and effects in your glazes. Supplies: Glaze materials are provided or you can bring your own lead-free glazes. You will need to purchase your own clay (available from the FTCC bookstore).
Instructor: Sharon Moore
This course offers an opportunity to brush up on metalsmithing and jewelry fabrication techniques and work through problems you may be having in your design, execution, or technical skills. We will focus on the completion of individual projects. NOTE: Students will need to purchase supplies. Prices will vary based on your choice of projects. This will be covered at the first class.
Instructor: Felicia Maye
This course will be designed to focus on the completion of individual projects. Students will need to purchase supplies. Prices will vary based on your choice of projects. This will be covered at the first class.

POTTERY: GLAZING AND DECORATING

Instructor: Gail Ferguson
This course is offered at the request of students who have some experience with pottery and want to learn additional glazing and decorating techniques. Your instructor will suggest new ways to decorate your clay pieces such as incising or impressing found objects into the damp clay, using slip stains on dried or bisque pieces, or experimenting with glazes. You will learn more about the properties of the clay you are using and how it affects your glaze, how glazes melt, cone temperature, and how to produce certain colors and effects in your glazes. Supplies: Glaze materials are provided or you can bring your own lead-free glazes. You will need to purchase your own clay (available from the FTCC bookstore).

CAKE DECORATING: QUICK & EASY

Learn just how much fun cake decorating can be in this short, introductory course that will cover all the basics. Have you ever looked at the myriad of supplies available in a cake-decorating department and wondered what you really need to buy or if you would be skillful at the craft? Among the numerous things you will learn are easy techniques, coloring icing, filling and using piping bags, and of course, lots of beautiful shapes to pipe onto your cake—stars, shells, dots, lines, rosettes, and some basic borders. At the conclusion of this class, it will be easy for you to decorate birthday cakes and dramatic desserts. **Supplies:** Bring one baked, un-iced sheet or round cake to the first class.

WINE APPRECIATION

This exciting learning experience focuses on the complex world of wine, making it easy and fun, to include an overview of the main wine regions, grape varietals, and wine-making techniques. You will also learn how to order wine in a restaurant and purchase, store, and serve wine properly. As you are educated on the methods of evaluating different wines, you will enjoy tasting a variety of wines that will be accompanied with a cheese and fruit plate. This class is excellent for individuals of all wine knowledge levels, from those just venturing into the world of wine to the connoisseur and restaurant industry professional. Join us for a delightful evening of wine tasting and education! **NOTE:** You must be 21 years or older to participate and proof of age will be required. This class will be held at THE WINE CAFE’s downtown location on 108 Hay Street.

STAINED GLASS II

Learn the ancient art of stained glass through the advanced design process called the lead came technique. Leaded stained glass is a beautiful puzzle that is simple to construct one step at a time. In working with the brilliance of refracted light, you will develop a better understanding of design as it relates to glass, as well as sensitivity to color. This course is designed for the advanced stained glass student.

CREATIVE WRITING

Open up the world of creative writing and learn the techniques that can put you in print. In this course, you will experience the hands-on practice of learning to say what you want in the best, most efficient and attractive way possible. You will be asked to keep a journal of your daily life from which you can draw inspiration for "slice of life" writing as well as narrative stories. You will learn how to make a story come alive by using details and "what if" scenarios, how to interview effectively, and how to develop a character. There will be discussions on the art of criticism and how it helps, not hurts. You will learn the specifics of editing, manuscript preparation, querying, and submission of your writings. Emphasis will be on learning to develop your own voice or recognizable style. Don’t put off your writing any longer. The world is waiting for that book you’ve been planning or that short story you’ve been meaning to write!

Instructor: Mary Tuley

T 6:00pm-9:00pm  Feb 03-Mar 24  Fee: $50  24 hrs  94376  CEC 126

DANCE

SHAG (BEGINNING)

Enroll now and learn the dance of the South—the Carolina Shag. Since its beginning, in the late '30s and early '40s at the beaches in North and South Carolina, shag dancing has spread throughout the country. Shag dancers have appeared on television on such shows as So You Think You Can Dance and Dance Fever. There is even a movie about it. Shag dance clubs are springing up all across the nation, and there are now Shag clubs in all 50 states. College students are forming shag clubs on campus, and children as young as eight are all getting into Shaggin’. The dance is similar to hand dancing, touch dancing, or swing dancing. The steps are smooth and rhythmic, allowing individual dancers to work in partnership with one another. This course will include shag steps such as the Basic Step, the Female Turn, the Male Turn, the Start, the Pull Through, the Side Pass, the Chase, and the Saddle Up. The class will begin with the basic shag step and then progress on to the other steps which will make you feel confident and at ease on the dance floor. You don’t need a partner.

FINANCIAL PLANNING

INTRODUCTION TO INVESTING

Roth IRA, 401k, CD’s, do these words seem foreign to you? If so come learn from Lyn in this short class, all the basics of investing. This class will help you to understand the world of investing and make you a more savvy investor!

Instructor: Lyndon Ramey

Th 1:30pm-4:30pm  Jan 22  Fee: $25  3 hrs  91748  CEC 143

MANDATORY RETIREMENT DISTRIBUTIONS AT AGE 70 1/2

It would be nice if you could let your retirement money continue to grow tax deferred indefinitely. However, the IRS has a limit on this benefit. In fact, at age 70½, you must begin taking annual withdrawals from your retirement accounts and pay taxes on the money withdrawn. If you don’t, you could incur a 50% penalty. Fortunately, you have some options when calculating your mandatory withdrawal amounts. Deciding which calculation to use is important because the choices you make now can affect how quickly your beneficiary(s) will be required to take withdrawals and pay income taxes. This class can help you make the most of your mandatory retirement plan distributions.

Instructor: Lyndon Ramey

Th 1:30pm-4:30pm  Feb 12  Fee: $25  3 hrs  91749  CEC 143

SAVING FOR COLLEGE

Do you have children? If so, then it is time to start saving for their higher education. Even if your child is still young, beginning to save for college is still an important topic. Join us and learn from Lyn where to start when saving for college!

Instructor: Lyndon Ramey

Th 1:30pm-4:30pm  Mar 12  Fee: $25  3 hrs  91750  CEC 143

SOCIAL SECURITY RETIREMENT SEMINAR

Social Security is an important part of retirement planning. In this seminar, you will learn about the benefits and programs available from the Social Security Administration. Emphasis will be placed on students understanding the Social Security Administration website, how to retire comfortably with their social security benefits, and how to determine whether they are able to retire with social security or if they will need extra support.

Instructor: Brenda Brown, Social Security Administration

T 12:00N-2:00pm  Feb 10  Fee: $10  2 hrs  91751  CEC 118

STOCK MARKET BASICS

This short class will give you the basic information you need to understand the stock market. You will be able to make informed decisions about investing in the market with the help of your knowledgeable instructor!

Instructor: Arthur Hooker

Have you been thinking about getting started on your will? Not sure how to start a trust fund for your loved ones? Come to this class and learn all about these two important topics. Join us, and Art will walk you through the processes for setting up wills and trusts.

Instructor: Arthur Hooker

T 1:00pm-3:00pm  Mar 10  Fee: $20  2 hrs  91753  CEC 143
COMPOSTING 🌱 Composting is the natural process of decomposition and recycling of organic material into a humus-rich soil amendment. The reasons we should compost include keeping yard waste out of our landfills, promoting healthy soil, improving drainage, and increasing the water holding capacity of our soil. The right combination of browns (dry leaves, straw, woody material) and greens (grass clippings, vegetable scraps from the kitchen, manures) will assist the process. We will also discuss vermicular (composting with worms) as an alternative process for recycling vegetative scraps. Come join George as you learn about this popular technique!

Instructor: George Quigley
Sat 9:00am-12:00N Jan 17 Fee: $25 3 hrs 91758 HEC 109

CONTAINER GARDENING 🌱 Containers in the urban landscape can give small spaces instant impact and large spaces definition. The uses of containers are endless with a little imagination. In this course, your instructor will cover plant combinations, container selection, set up techniques, proper site placement, and how to keep your containers looking picture perfect.

Instructor: George Quigley
Sat 9:00am-12:00N Mar 21 Fee: $25 3 hrs 91761 HEC 109

FLORAL ARRANGING (BEGINNING) 🌸 This beginning level course will include lecture, demonstration, and hands-on practice in the principles and elements of floral design. You will be taught designs for special occasions or locations, as well as many tips and tricks the professionals use to create beautiful arrangements.

Instructor: Robin Pusztay, Ph.D.
T 6:00pm-9:00pm Jan 27-Feb 24 Fee: $50 15 hrs 91757 HEC 109

LAWNS 🌾 Your lawn is an important part of your curb appeal. Join us and let George inform you of the best ways to keep your lawn in its most beautiful condition. Discussions will include the different requirements for your lawn as the seasons change.

Instructor: George Quigley
Sat 9:00am-12:00N Feb 21 Fee: $25 3 hrs 91760 HEC 109

PLAN, PLANT, PROTECT 🌿 In collaboration with PWC, join us to learn about trees! A new tree is a beautiful addition to anyone’s property, and we all appreciate the natural character, shade, and environmental benefits it provides. However, problems are plentiful when we consider installing trees or large ornamentals in our landscape. This class will cover all of the aspects associated with the selection, installation, and protection of the plant. You will learn how to select a tree or a large ornamental shrub that is appropriate for this climate and landscape and how to properly plant it so that it is ensured healthy growth. This class will include a walking tour of the Cape Fear Botanical Gardens to see some desirable trees and ornamentals. **NOTE:** At the completion of the class, students will receive a gift certificate for a tree from a local nursery.

Instructor: George Quigley
Sat 9:00am-12:00N Mar 07 Fee: $25 3 hrs 91762 HEC 109
FURNITURE UPHOLSTERY

The Furniture Upholstery classes are offered for students at all levels! The Furniture Upholstery workshop is located at 205 Forsythe Street in The Re-Store Warehouse. Students enter on the side of the building. The classroom is located downstairs. If you need additional information, please call 678-8431. See our Industrial Sewing Machine Operator classes listed in the Commercial Sewing section of this catalog, which are also offered at The Re-Store Warehouse.

FURNITURE UPHOLSTERY (BEGINNING)

Have you priced new furniture lately? Furniture is not cheap! We have the solution. Grab that old worn out couch or chair and join us. Learn how to reupholster chairs, sofas, and other pieces of fine furniture. You will be taught how to sew cushions, skirts, and all covers for upholstery; how to re-tie and tie springs, brace the frame, and secure the webbing. Also included will be fabric layout and cutting, some techniques of refinishing the legs, and fabric patterns and styles. Under your instructor’s guidance, you will end up with a piece of furniture you’ll be proud to have in your home. NOTE: You will need to bring one piece of furniture on the first day of class. Please contact the instructor with questions by calling 910-494-5468.

HANDGUN TRAINING

NORTH CAROLINA CONCEAL CARRY HANDGUN TRAINING

The purpose of this course is to explain to the student the aspects of the North Carolina Concealed Carry Handgun Law as it applies to the rights of the citizen to carry a concealed handgun and to teach and apply the fundamentals of safety and basic marksmanship fundamentals. Individual equipment: You will need your identification (driver’s license/ID card), pen or pencil, pistol with 2 magazines, holster (no cross draw or shoulder holsters allowed due to safety concerns). Please bring a belt for your holster, magazine pouch, rain or inclement weather gear, eye and ear protection (clear or shaded lens are recommended), water/snacks (we’ll take an hour lunch break around noon), hat, sun screen (non-greasy or water resistant recommended). We recommend you wear comfortable shoes, long pants, and a long sleeve shirt that you don’t mind getting dirty. This is a self-supporting class; fee exempt status does not apply. NOTE: Course textbook is included in the registration fee. Must contact The Range Complex before attending class.

HOME IMPROVEMENT

$ave Money and Update Your Home on Your Own!

FLOOR COVERING AND TILE INSTALLATION

Would you like to update the floors in your home? This course is designed for those who are interested in learning how to install or replace the floor coverings in their homes or for customers. You will learn how to plan, design, select materials, estimate costs, and install solid wood, laminate, tile (ceramic, porcelain, and stone), sheet vinyl, vinyl planks and tiles, and carpeting. Your instructor will work with each of you to determine what floor coverings are best suited for your particular situation, whether you are installing in a new home or replacing your current floor coverings. For those of you who are interested, Mr. Simpson will show you how to install ceramic or stone as kitchen or bath wall coverings. This would be a good introductory course for those who are interested in employment as installers. NOTE: Students may need to purchase basic hand tools or they may bring what they have from home. A list of necessary tools will be provided the first day of class. Call 678-8431 with questions regarding supplies.

### MOTORCYCLE SAFETY

Learn safe motorcycle riding under the direction of Motorcycle Safety Foundation certified instructors. This beginning course is designed for riders with little or no experience. Based on extensive data, research, and field tests, this course combines classroom and on-bike experience to give overall understanding of motorcycling and prepares the student with basic riding skills. Motorcycles are provided. **You will need gloves, eye protection, long-sleeved clothing, long pants, and sturdy over-the-ankle leather footwear.** Helmets will be provided, but you may bring your own. You must be able to ride a bicycle and lift and keep the motorcycle upright. For more information, please visit [www.ncmotorcyclesafety.org](http://www.ncmotorcyclesafety.org). **Students may purchase accident insurance to cover class activities for $2 per term** (available from the Continuing Education Records and Registration office). Please call 678-8386 for class availability; for all other questions please call 678-8446.

**NOTE:** The North Carolina Motorcycle Safety Education Program requires 100% attendance. You must be present and in your classroom seat at 5:30pm when the first class begins. Failure to be on time will result in your slot being denied. Students must be in attendance for the full course of instruction. There are no excused absences.

### MUSIC

#### GUITAR (BEGINNING)

This is a course for the beginner who has never picked up a guitar or who can only strum a few chords. You will learn to read basic chord forms, simple melody lines, and musical notations. You'll soon be playing chord accompaniments to popular folk, rock, and country songs. Students will be expected to provide their own guitars. **NOTE:** This is a course for acoustic guitars only.

**Instructor:** Angela Touron

#### PIANO (BEGINNING)

Do you ever wish you had learned to play the piano? Here's your chance. We will begin with a five-finger position for each hand and gradually learn simple tunes with one hand and chords with the other. Each student's improvement will determine the eventual path of development. Knowledge of musical notation is a plus, but not a requirement. **NOTE:** Students will need to provide their own keyboard for this course.

#### QUILTED GARMENTS – NEW!

Do you love quilts? Designing a quilt is a beautiful form of individual expression! In this course you will learn how to design and make your very own quilted garment. Once you wear one you will not want to wear anything else; they’re light-weight and perfect for the unpredictable North Carolina seasons. Some of the course projects you can choose from will be vests, covered sweatshirts, and jackets. Join us by creating your one-of-a-kind garment!

**Supplies:** Please request a supply list at the time of registration. **NOTE:** Questions regarding this class? Please e-mail the instructor at quiltdesigns4u@gmail.com.

QUILTING AND PIECING
Beginning quilters--this course is designed especially for you! Learn easy quilting and piecing techniques for triangles, diamonds, curves, color selection, simple drafting, and much more. We will cover the whole spectrum of quilting made easy. Supplies: Please ask for a supply list at the time of registration. Instructor: Annette Omelas
M 9:30am-12:30pm Jan 26-Mar 23 Fee: $55 24 hrs 91765 LVS

QUILTING FROM START TO FINISH
This course is for the wanna-be quilter. You will be introduced to quilting tools and patterns, and you will learn how to use a sewing machine (available in classroom). The project will be a lap quilt (approximately 48”x56”), and yes, you will be able to complete this quilt. So let’s have some fun making your first quilt. Supplies: Please ask for a supply list at the time of registration. NOTE: Questions regarding this class? Please e-mail the instructor at iquiltdesigns4u@gmail.com.
Instructor: Iris Noitalay
Th 6:00pm-9:00pm Jan 15-Mar 19 Fee: $60 30 hrs 91769 CEC 144

SEWING AND SERGING
This course is designed to show you how to thread and operate the serger. You will do simple projects entirely on the serger and learn to use it with the sewing machine. You will learn how to use your machine to cut, sew, and finish any project with ease. Basic sewing skills are recommended. Supplies: You may bring your own machine to class along with the manual, or you may use machines provided by FTCC. Please request a supply list at registration.
Instructor: Cama Morningstar
Th 9:00am-12:00N Feb 05-Mar 26 Fee: $55 24 hrs 91778 CEC 144

SEWING I
This basic sewing course will introduce you to sewing techniques, pattern and fabric selection, garment construction, and the use and care of your sewing machine. Students may repeat this class many times, making different projects until they feel they are proficient! Supplies: You may bring your own machine to class along with the manual, or you may use machines provided by FTCC. Please request a supply list at registration.
Instructor: Cama Morningstar
T 9:00am-12:00N Jan 13-Mar 03 Fee: $55 24 hrs 91770 CEC 144

PERSONAL INTEREST/VOLUNTEER TRAINING
CERTIFIED EMERGENCY RESPONSE TEAM
The Community Emergency Response Team (CERT) in cooperation with the Department of Homeland Security provides the basic training to help our citizens take care of themselves and then help others in their communities for the first three days following a disaster. This course consists of 22 hours of training in such areas as disaster preparedness, fire suppression, medical triage operations, search and rescue, disaster psychology, and terrorism. The course is designed to be of value to private citizens, businesses, churches, and schools that want the skills and knowledge required to prepare and respond to a disaster. After receiving this training, you will have a greater understanding of what you need to do to prepare yourself and your family for situations such as Hurricane Katrina or 9/11. For additional information, please contact the CERT Commander for Cumberland County, Martin Scott, by e-mail at tanzbug@aol.com.
Instructor: CERT Volunteers
F, 6:00pm-10:00pm Jan 23-Jan 25 Fee: $20 20 hrs 90925 CEC 108
S&Su 8:00am-5:00pm
COUPONING 101
Would you like to learn all about couponing? Our couponing expert will help you make the most out of coupons by helping you understand sale and stock cycles to best benefit your budget. In this course, you will learn how to be a wise consumer by comparative shopping, matching coupons with sales, price-matching, and stockpiling. You will also learn how to shop with coupons at local grocery stores and drugstores, how to use Internet resources for maximum savings, gain insider knowledge about shopping at particular stores, store loyalty rewards, and much more!
Instructor: Couponing Expert
M 6:00pm-9:00pm Feb 02-Mar 02 Fee: $40 15 hrs 91772 CEC 118
RAPE CRISIS SENSITIVITY
This course is conducted by the Rape Crisis Volunteers of Cumberland County and is designed to increase awareness in the community of rape and its effects on the victim and society. You will learn special counseling techniques that are used to help rape victims. It will cover medical, law enforcement, and legal procedures and will include a tour of area hospitals. If you have any questions, please call the Rape Crisis Center at 910-485-7273.
Instructor: Rape Crisis Volunteers
Sat 8:00pm-5:00pm Mar 07-Mar 14 Fee: $15 16 hrs 91773 CEC 118
SIMPLIFY YOUR LIFE – NEW!
With the hustle and bustle of our busy schedules, wouldn’t it be nice to learn some ways to simplify our everyday lives and enjoy what is truly important? In this course we will discuss how our lives become so cluttered and ways to reduce all the unnecessary stress through practical time management tips and tricks for organizing your home, your office, and your mind!
Instructor: TBA
M 6:00pm-8:00pm Jan 12-Mar 09 Fee: $40 16 hrs 91774 CEC 133
CREATIVE PHOTOGRAPHY

Have you ever heard someone say, “You have an eye for photography”? This is a trait that you must have, but many who are interested in photography simply were not born with the skill of finding the perfect light or angle when taking a picture. In this class, you will be given instruction on how to look for that artistic angle and capture that very moment before it passes.

NOTE: You will need to bring your camera on the first class meeting. A digital single-lens reflex camera is recommended.

Instructor: Tony Wooten
T 6:00pm-9:00pm Jan 27-Mar 17 Fee: $60 24 hrs 90926 CEC 143

DIGITAL PHOTOGRAPHY FOR PROFESSIONALS (INTERMEDIATE)

In this course, emphasis will be placed upon professional techniques that students may use on the job or for any photography project. This course has been developed to teach those with basic digital photography skills the techniques of digital image manipulation. This additional training should increase your skills and confidence in your ability to produce high-quality digital photographs. You will learn how to crop and resize images, how to use photo-editing tools, how to adjust the tonal and color values in photos, as well as how to create special effects using filters and layer modes. PREREQUISITE: Completion of Digital Photography Fundamentals, Digital Photography Fundamentals for Professionals, or equivalent experience.

Instructor: Adrion Bell
W 6:00pm-9:00pm Jan 14-Mar 04 Fee: $70 24 hrs 90927 CEC 143

DIGITAL PHOTOGRAPHY FOR SENIORS

Have your children or grandchildren been trying to convince you to learn how to use a digital camera? Maybe they’re giving you one as a present, and you’re not at all sure you want it. That 35mm camera is just fine and you don’t need another camera, right? Well, let’s give it a try, and you just might be surprised at how much you will like it and how much fun it will be to see what new things you can do with your photographs. In this course, you will learn how the camera works, how to take great photos, how to save your digital photos on a computer, print the photos you want to keep, and edit your photos. You will need to bring a digital camera to class; however, you can wait until after the first class in order to consult with the instructor.

Questions regarding this class? Please e-mail Mark at markschulz5060@gmail.com.

Instructor: Mark Schulz
T 1:00pm-4:00pm Feb 03-Feb 24 Fee: $35 12 hrs 90930 CEC 143

DIGITAL PHOTOGRAPHY FUNDAMENTALS

Would you like to have more control over your camera? Frustrated because you can’t make your camera work for you? This course will expand your ability to use your SLR (single lens reflex) camera. You will gain an understanding of photographic terms, expressions, and techniques. Instruction will include basic camera controls, setting your camera up for optimal quality, using your camera in a variety of situations, using various modes to capture photographs in various situations, and the use of manual controls. We also cover art and composition as well as equipment selection. Questions regarding this class? NOTE: Not recommended for point-and-shoot cameras. You will need to bring your camera on the first night of class.

Instructor: Tony Wooten
Th 6:00pm-9:00pm Jan 29-Mar 19 Fee: $60 24 hrs 90929 CEC 143

RECREATION

SELF-DEFENSE
Self-defense training enables practitioners to protect themselves and others against a wide range of real-world threats and attacks. The self-defense method called Krav Maga teaches people to respond and function correctly during the enormous stress and shock of a sudden, real-life, violent encounter. Krav Maga utilizes only modern, innovative, and safe training methods that have been proven effective under the harshest conditions on the battlefield and on the street. As a result, Krav Maga is one of the most credible self-defense systems in the world today. Come join our experienced instructor as he teaches you this important skill. NOTE: Please wear comfortable clothing and tennis shoes and bring water.
Instructor: Rafael Jovet-Ramos
Sat 9:00am-12:00N Feb 21-Mar 28 Fee: $55 18 hrs 91775 HOS GYM

YOGA (BEGINNING)
Yoga has been recognized medically for the many benefits that it promotes and is often recommended by various medical treatments to supplement medical conditions such as depression, combat stress-related conditions, arthritis, diabetes and many more. Yoga, with its gentle movements, will enhance health by strengthening your body and improving oxygen flow, promoting a healthy mind, body, and spirit. Each lesson includes deep breathing and movement exercises that can be modified to accommodate any fitness level and medical needs. Yoga provides a unique, individual experience that will develop flexibility and stamina, increase awareness to help you identify stress and coping strategies, improve balance and concentration, and promote a more healthful lifestyle. NOTE: Please wear comfortable clothing, socks, and bring your yoga mat, towel, and water.
Instructor: Certified Yoga Professional
T&Th 6:30pm-7:30pm Jan 13-Mar 05 Fee: $55 16 hrs 91776 HOS GYM

TECHNOLOGY

HOW TO OPERATE MY APPLE DEVICE
Have you ever wondered what the difference is between a Microsoft computer and a Macintosh Apple computer? If this has ever been a question of yours, or you would like to understand how to operate your iPad, iPhone, iPod, or Apple computer using OS10 and above software, this is the class for you! Supplies: You will need to bring your Apple device and Apple specific cables or other peripheral devices to class.

Fayetteville Regional Chamber in cooperation with the American Management Association Extension Institute (AMA) are co-sponsoring the nationally recognized Certificate in Management Program. The AMA, a leader in management education for over 70 years, provides this program to over 120 colleges and universities in the United States.

Individuals can receive a Certificate in Management upon successful completion of six courses of their choice. The three-hour classes meet one day or night per week for seven weeks.

This program is designed to meet the training needs for newly appointed supervisors, experienced managers without formal management training, as well as managers who wish to update their management skills. In addition to quality training, this program provides the opportunity to network with other professionals from a variety of organizations.

The following American Management Association courses will be offered during the Winter term:

- DELIVERING "KNOCK YOUR SOCKS OFF" SERVICE
- FUNDAMENTALS OF HUMAN RESOURCES
- TAKING CONTROL WITH TIME MANAGEMENT

For more information, contact Sharmon Herring at 678-8210
Call 678-8230 for registration information

NEW for YOU!

TRAIN TO BECOME A

PROFESSIONAL MEDICAL CODER!

The Medical Coding program is a two-part, instructor-led program that prepares students to work as medical coders in a physician’s office or hospital setting. Medical coders utilize medical records and patient charts to find diagnostic and procedural information that can be put into numerical codes and used by insurance companies and third-party payers for payment. This specific program provides an introduction to the medical coding industry and explores topics such as medical terminology, anatomy, physiology, pathophysiology, medical records, medical ethics, ICD-9 and ICD-10 coding, and more! Topics covered in this course provide foundational knowledge used in the everyday job duties of medical coding professionals. Throughout the program, students will have a structured, online learning environment and access to an instructor who is certified through AAPC and currently works in the field of medical coding. **PRE-REGISTRATION IS REQUIRED BY 5:00 P.M. ONE WEEK BEFORE THE CLASS START DATE.**

**FTCC Online Medical Coding Part I**
January 14-May 05

[The first 20 students who register for Part I may receive a $50 discount in the registration fee!]

**FTCC Online Medical Coding Part II**
January 14-May 05

For more information please call (910) 678-8446.

Register online at [www.LearnFTCC.com](http://www.LearnFTCC.com).

Fayetteville, NC 28303

#3 MAIL-IN REGISTRATION

Complete the registration form located below, insert your payment (do not mail cash) and mail to:

Continuing Education Mail-In Registration
Fayetteville Technical Community College
P.O. Box 35236
Fayetteville, NC 28303-0236

SPECIAL INSTRUCTIONS:

- **Pre-Registration is Required!** You may register for Continuing Education classes on a first-come, first-served basis. Please register well before the beginning date of your class. We require pre-registrations to be in a week before the start date at the very latest (applies to all methods of registration). If you wait, your class may either be full or canceled due to low enrollment.

- **Paying by Check:** Make checks payable to FTCC. If paying by check, please ensure checks have a pre-printed in-state address and include your driver’s license number on the check.

- **Active-duty Army Personnel** using mail-in registration for courses marked by an asterisk (*) must show military unit rather than home address.

FEES:

- Registration fees for Continuing Education courses vary with the type of course. Note: fees are subject to change.
- All community service classes are self-supporting; no fee-exemptions apply.
- Students are responsible for buying books and supplies.
- Due to current State statutes, senior citizen fee exemptions no longer apply.
- Students may purchase accident insurance to cover class activities for $2 per term at the CE registration office.

POLICIES:

- Admission is open to any adult 18 years of age or older. Sixteen- and seventeen-year-olds may register with a letter of approval from their principal. (Additional requirements for College and Career Readiness program).
- *Exception: Youth ages 8-17 may register for Summerscapes classes.*
- FTCC does not practice or condone discrimination, in any form, on the basis of race, color, national origin, religion, sex, age, handicap, or political affiliation.
- FTCC reserves the right to cancel any class due to insufficient enrollment, inadequate facilities, or if qualified instructors are not available.

- CE classes are not offered for college credit and are non-transferable to Curriculum programs leading to associates degrees, diplomas, or certificates. CEUs (Cont. Edu. Units) may be awarded for successful completion of specific courses at the rate of one CEU for each ten hours of class participation.

QUESTIONS? If you have any further questions, please call (910) 678-8386 or e-mail the CE registration office at ceeonline@faytechcc.edu
